47 CFR Part 73

[DA 10–233, MB Docket No. 08–228, RM–11481]

FM Table of Allotments, Port Angeles, Washington

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Audio Division grants a rulemaking petition filed by Jodesha Broadcasting, Inc., the licensee of Station KSWW(FM), Montesano, Washington, to substitute FM Channel 229C0 at Ocean Shores, the reallotment of Channel 229C0 to Montesano, Washington, and the associated modification of the Station KANY(FM) license. In the second application (File No. BPH–20080710AJE), Jodesha proposes the downgrade of Channel 271C2 to Channel 271C3 at Montesano, the reallotment of Channel 271C3 to Ocean Shores, and the modification of the Station KSWW(FM) construction permit, accordingly.

The Report and Order states that the channel substitution at Port Angeles serves the public interest because it will accommodate the grant of the hybrid applications, enabling Station KANY(FM) to provide a gain in its population served. The Report and Order also grants the two applications filed by Jodesha. The reference coordinates for Channel 271A at Port Angeles are 48–06–54 NL and 123–26–36 W.

Fisheries of the Exclusive Economic Zone Off Alaska; Pollock in Statistical Area 620 in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for pollock in Statistical Area 620 in the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the B season allowance of the 2010 total allowable catch (TAC) of pollock for Statistical Area 620 in the GOA.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR parts 600 and 679.

In accordance with § 679.20(d)(1)(i), the Regional Administrator has determined that the B season allowance of the 2010 TAC of pollock in Statistical Area 620 of the GOA is 9,925 metric tons (mt) as established by the final 2010 and 2011 harvest specifications for groundfish of the GOA (75 FR 11749, March 12, 2010). In accordance with § 679.20(d)(1)(i), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 620 of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification
This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the 30–day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of pollock in Statistical Area 620 of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of March 15, 2010.

The AA also finds good cause to waive the 30–day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Emily H. Menashes,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
