time an options class is open for trading in 90 percent of their appointed classes. Furthermore, Market Makers must post valid quotations at least 60 percent of the time in each of their appointed classes during the time that the class is open for trading. Accordingly, the Commission believes that it is appropriate for the Exchange to exclude the time a Market Maker’s quote is shelved under the Directed Order process in determining whether a Market Maker has satisfied his quoting obligations as no quote will be posted by the Market Maker during such time the quote is shelved.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR–BX–2010–009), as modified by Amendments No. 1 and 3 thereto, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.14

Florence E. Harmon, Deputy Secretary.
