SUPPLEMENTARY INFORMATION:

A. General

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agency or agencies participating in the matching programs;
2. Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;
3. Publish notice of the computer matching program in the Federal Register;
4. Furnish detailed reports about matching programs to Congress and OMB;
5. Notify applicants and beneficiaries that their records are subject to matching; and
6. Verify match findings before reducing, suspending, or denying a person’s benefits or payments.

B. SSA Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of our computer matching programs comply with the requirements of the Privacy Act, as amended.
A. Participating Agencies
SSA and IRS.

B. Purpose of the Matching Program
The purpose of this matching program is to establish conditions, terms, and safeguards under which the IRS will disclose to us certain return information for the purpose of verifying eligibility or the correct subsidy percentage of benefits provided under section 1860D–14 of the Social Security Act (Act).

C. Authority for Conducting the Matching Program
Section 6103(1)(7) of the Internal Revenue Code authorizes IRS to disclose return information with respect to unearned income to Federal, State, and local agencies administering certain benefit programs under the Act. Section 1860D–14 of the Act requires us to verify the eligibility of a person who seeks to be considered for the prescription drug subsidy under Section 1860D of the Act and who self-certifies his or her income, resources and family size.

D. Categories of Records and Persons Covered by the Matching Program
We will provide IRS with identifying information with respect to applicants for, and recipients of, the prescription drug subsidy from the existing Medicare Database (MDB File) system of records, SSA/ORSIS 60–0321, originally published at 69 FR 77816 (December 28, 2004), and as revised at 71 FR 42159 (July 25, 2006). IRS extracts return information with respect to unearned income from its Information Returns Master File (IRMF) system of records, Treasury/IRS 22.061, published at 73 FR 13302 (March 12, 2008), using the same extract as the Disclosure of Information to Federal, State and Local Agencies (DIFSLA) program. We will maintain return information provided by the IRS through this match in the MDB File system of records.

E. Inclusive Dates of the Matching Program
The matching program will become effective no sooner than 40 days after notice of the matching program is sent to Congress and OMB, or 30 days after publication of this notice in the Federal Register, whichever date is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.
