market makers may join the incentive plan.

In order to promote trading in these FX Options, the Exchange has an incentive plan pursuant to which the Exchange waives the transaction fees for the Early Adopter FXPMMs that make a FX Options only. By the Exchange that trades and quotes in FX Market Makers. The Exchange pays the Early Adopter FXPMM forty percent (40%) of the transaction fees collected on any customer trade in NZD, PZO SKA and BRB and pays up to ten (10) Early Adopter FXCMMs that participate in the incentive plan twenty percent (20%) of the transaction fees collected for trades between a customer and a FXCMM. Market makers that do not participate in the incentive plan are charged regular transaction fees for trades in these products. In order to participate in the incentive plan, market makers are required to enter into the incentive plan no later than March 31, 2010. The Exchange now proposes to extend the date by which market makers may enter into the incentive plan to June 30, 2010.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act, in general, and further the objectives of Section 6(b)(4), in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange believes the proposed rule change will permit additional market makers to join the incentive plan which in turn will generate additional order flow to the Exchange by creating incentives to trade these FX Options as well as defray operational costs for Early Adopter Market Makers.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

c. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act and Rule 19b–4(f)(2) thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or

SOCIAL SECURITY ADMINISTRATION

Future Systems Technology Advisory Panel Meeting

AGENCY: Social Security Administration (SSA).

ACTION: Notice of Seventh Panel Meeting.

DATES: May 4, 2010, 9 a.m.–5 p.m.

Location: Hotel Palomar, Bumham Ballroom.

ADDRESSES: 117 South 17th Street, Philadelphia, PA 19103.

SUPPLEMENTARY INFORMATION: Type of meeting: The meeting is open to the public.

Purpose: The Panel, under the Federal Advisory Committee Act of 1972, as amended, (hereinafter referred to as “the FACA”) shall report to and provide the Commissioner of Social Security independent advice and recommendations on the future of systems technology and electronic services at the agency five to ten years into the future. The Panel will recommend a road map to aid SSA in determining what future systems technologies may be developed to assist in carrying out its statutory mission.

Advice and recommendations can relate to SSA’s systems in the area of internet application, customer service, or any other arena that would improve SSA’s ability to serve the American people.

**Agenda:** The Panel will meet on Tuesday, May 4, 2010 from 9 a.m. until 5 p.m. The agenda will be available on the Internet at [http://www.ssa.gov/fstap/index.htm](http://www.ssa.gov/fstap/index.htm) or available by e-mail or fax on request, one week prior to the starting date.

During the seventh meeting, the Panel may have experts address items of interest and other relevant topics to the Panel. This additional information will further the Panel’s deliberations and the effort of the Panel subcommittees.

Public comments will be heard on Tuesday, May 4, 2010, from 4:30 p.m. until 5 p.m. Those interested in providing comments in person should contact the Panel staff as outlined below to schedule a time slot. Members of the public must schedule a time slot in order to comment. In the event public comments do not take the entire scheduled time period, the Panel may use that time to deliberate or conduct other Panel business. Each person providing public comment will be acknowledged by the Chair in the order in which they are scheduled to testify. Those providing public comment are limited to a maximum five-minute, verbal presentation. In lieu of public comments provided in person, written comments may be provided to the panel for their review and consideration. Comments in written or oral form are for informational purposes only for the Panel. Public comments will not be specifically addressed or receive a written response by the Panel.

For hearing impaired persons in need of sign language services please contact the Panel staff as outlined below at least 10 business days prior to the meeting so that timely arrangements can be made to provide this service.

**Contact Information:** Records are kept of all proceedings and will be available for public inspection by appointment at the Panel office. Anyone requiring information regarding the Panel should contact the staff by:

**DEPARTMENT OF TRANSPORTATION**

**Research and Innovative Technology Administration**

**Agency Information Collection; Activity Under OMB Review; Omnibus Household Survey Program**

**AGENCY:** Research & Innovative Technology Administration (RTA), Bureau of Transportation Statistics (BTS), DOT.

**ACTION:** Notice.

**SUMMARY:** In accordance with the requirements of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Request (ICR) described below is being forwarded to the Office of Management and Budget (OMB) for approval for an extension of a currently approved information collection related to the use of and satisfaction with the nation’s transportation system. The ICR describes the nature of the information collection and its expected burden. The Federal Register notice with a 60-day comment period soliciting comments on the following collection of information was published on February 2, 2010 (75 FR 5370) and the comment period ended on April 5, 2010. The 60-day notice produced no comments.

**DATES:** Written comments should be submitted by May 12, 2010.

**FOR FURTHER INFORMATION CONTACT:** Dr. Pheny Weidman, OHS Program Manager, BTS, RTA, Department of Transportation, 1200 New Jersey Ave. SE., Room E32–318, Washington, DC 20590. Office hours are from 8:30 a.m. to 5 p.m., E.T., Monday through Friday, except Federal holidays. Telephone (202) 366–2817, Fax (202) 493–0568 or e-mail pheny.weidman@dot.gov.

**SUPPLEMENTARY INFORMATION:**

- **Title:** Omnibus Household Survey (OHS) Program.
- **Type of Request:** Approval of an extension of a currently approved information collection.
- **OMB Control Number:** 2139–0012.
- **Affected Public:** The target population for the OHS Program is the non-institutionalized population, aged 18 and older, who live in the United States. A national probability sample of households generated using list-assisted random digit dialing (RDD) methodology will be employed by the survey. Individual survey respondents within selected households will be chosen at random.
- **Number of Respondents:** 1,500.
- **Number of Responses:** 1,500.
- **Total Annual Burden:** 625 hours (Based on previous data collections, we estimate the average time to complete the survey is 25 minutes. 25 minutes × 1,500 respondents = 37,500 minutes/60 minutes = 625 hours). The estimated average time to complete the survey has increased from the 10 minutes stated for previous data collections to 25 minutes. The increase is largely due to the increase in the length of questionnaire. The survey sample size also will increase from the 1,000 respondents used by previous data collections to 1,500. The increase in sample size is due to the inclusion of questions regarding the safety of public transit. In order to ensure that there will be enough samples to produce reliable estimates for those questions, a total of 500 individuals will be oversampled from selected Metropolitan Statistical Areas that provide public transit services.

**Abstract:** In 2005, Congress passed, and the President signed, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU; Pub. L. 109–59). SAFETEA–LU contained a number of legislative mandates including providing data, statistics and analyses to transportation decision-makers. The Research and Innovative Technology Administration, Bureau of Transportation Statistics (RTA/BTS) was tasked to accomplish this legislative mandate under 49 U.S.C. 111(c)(1). RTA/BTS plans to use the Omnibus Household Survey (OHS) to:

- Assess the public’s evaluation of the nation’s transportation system in light of the DOT’s strategic goals (safety, congestion reduction, global connectivity, environmental stewardship and security, preparedness and response).
- Provide a vehicle for the operating administrations within the DOT, as well as other governmental agencies, to survey the public about current transportation issues, and
- Provide national estimates of transportation mode usage.

Each version of the OHS will focus on some subset of topics taken from the list below. Topics may vary from survey to survey since covering all topics in one questionnaire would make the respondent burden unacceptable.

**Choices and frequency of mode use in the month and the week prior to the survey data collection**
