Occupational Safety and Health Administration

[Docket No. OSHA–2009–0005]

Avalotis Corp.; Grant of a Permanent Variance

AGENCY: Occupational Safety and Health Administration (OSHA), Department of Labor.

ACTION: Notice of a grant of a permanent variance.

SUMMARY: This notice announces the grant of a permanent variance to Avalotis Corp. ("the employer"). The permanent variance addresses the provision that regulates the tackle used for boatswain’s chairs (29 CFR 1926.552). As an alternative to complying with these provisions, the employer may instead comply with the conditions listed in this grant; these alternative conditions regulate hoisting systems used during inside or outside chimney construction to raise or lower workers in personnel cages, personnel platforms, and boatswain’s chairs between the bottom landing of a chimney and an elevated work location. According to OSHA, these alternative conditions protect workers at least as well as the requirements.

1 Commissioner Dean A. Pinkert determined that the respondent interested party response for the review of the order on subject merchandise from Brazil was inadequate but determined to conduct a full review of the order in order to promote administrative efficiency in light of his decision to conduct full reviews with respect to the orders in the other reviews.
