[NJP (BJA) Docket No. 1517]

Establishment of Advisory Committee on the National Motor Vehicle Title Information System

AGENCY: Office of Justice Programs (OJP), Justice.

ACTION: Notice of establishment of the National Motor Vehicle Title Information System (NMVTIS) Advisory Board.

SUMMARY: Pursuant to the National Motor Vehicle Title Information System (NMVTIS) Final Rule, 74 FR 5740, 5774 (January 30, 2009) the committee is being established in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. 2. The NMVTIS Advisory Board is necessary and in the public interest. The objective of the NMVTIS Advisory Board is to provide input and recommendations to the Office of Justice Programs (OJP) regarding the operations and administration of NMVTIS. The Charter is subject to renewal and will expire two years from its filing. The NMVTIS Advisory Board is continuing in nature, to remain functional until the BJA Director determines that all necessary duties have been performed.

NUCLEAR REGULATORY COMMISSION

[NRC–2008–0520; Docket Nos. 52–025 and 52–026]

Southern Nuclear Operating Company, et al.: Supplementary Notice of Hearing and Opportunity To Petition for Leave To Intervene on a Combined License Application for the Vogtle Electric Generating Plant Units 3 and 4

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Supplementary notice of hearing and opportunity to petition for leave to intervene.

DATES: Petitions for leave to intervene must be filed by July 2, 2010.

I. Introduction

This proceeding concerns the application dated March 28, 2008, filed by Southern Nuclear Operating Company (SNC, the Applicant), acting on behalf of itself and Georgia Power Company, Oglethorpe Power Corporation (an Electric Membership Corporation), Municipal Electric Authority of Georgia, and the City of Dalton, Georgia, an incorporated municipality in the State of Georgia acting by and through its Board of Water, Light and Sinking Fund Commissioners (Dalton Utilities), pursuant to Subpart C of 10 CFR part 52 for a combined license (COL). The application was accepted for docketing on May 30, 2008. The docket numbers established for this application are 52–025 and 52–026.

The application requests approval of a COL for Vogtle Electric Generating Plant (Vogtle) Units 3 and 4, located in Burke County, Georgia. The Vogtle COL application incorporates by reference the Westinghouse AP1000 design certified in Appendix D to 10 CFR part 52, and the application to amend that certified design. The AP1000 amendment application is the subject of an ongoing rulemaking under docket number 52–006. The Vogtle COL application also references an Early Site Permit (ESP) that was the subject of an adjudicatory proceeding under docket number 52–011. That ESP application also included a request for a limited work authorization (LWA) to engage in selected construction activities as defined by 10 CFR 50.10. The Final Environment Impact Statement for the ESP was published on August 22, 2008. The ESP and accompanying LWA was issued on August 26, 2009.

On September 16, 2008, a notice of hearing and opportunity for leave to intervene was published by the United States Nuclear Regulatory Commission (NRC, the Commission) in the Federal Register (73 FR 53446) in this proceeding. That notice specified that a hearing to consider the COL application would be held at a time and place to be set in the future by the Commission or designated by the Atomic Safety and Licensing Board (Board). The notice also provided an opportunity for persons whose interest might be affected by the proceeding to petition for leave to intervene.

On October 2, 2009, SNC submitted to the NRC a supplement to its COL application requesting an LWA to engage in selected construction activities as defined by 10 CFR 50.10. As described by SNC, these activities would generally involve the “installation of reinforcing steel, sumps, and drain lines and other embedded items in the Nuclear Island (NI) foundation base slab and placement of concrete for the NI foundation base slab.” SNC provided additional information in support of its LWA request by letters dated February 5, 2010 and March 11, 2010. In light of the request for this additional authorization, the Commission herein docketed the LWA request and supplements its original notice of hearing of September 16, 2008, as follows:

The NRC staff will complete a detailed technical review of the COL application, including the LWA supplement requesting authority to perform selected construction activities as defined by 10 CFR 50.10, and will document its findings in a safety evaluation report (SER) and a supplement to the Vogtle ESP environmental impact statement (EIS). In addition, the Commission will refer a copy of the application to the Advisory Committee on Reactor Safeguards (ACRS) in accordance with 10 CFR 52.87, and the ACRS will report on those portions of the application that concern safety.

II. Petitions for Leave To Intervene

Requirements for petitions for leave to intervene are found in 10 CFR 2.309. “Hearing requests, Petitions to Intervene, Requirements for Standing, and Contentions.” Interested persons should consult 10 CFR part 2, section 2.309, which is available at the NRC’s Public Document Room (PDR), located at O1 F21, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852 (or call the PDR at (800) 397–4209 or (301) 415–4737). NRC regulations are also accessible electronically from the NRC’s Electronic Reading Room on the NRC Web site at http://www.nrc.gov.
