(3) When a refund is due, it must be paid promptly. If a refund is not made promptly, the Agency may use all remedies available to it, including Treasury offset under the Debt Collection Improvement Act of 1996, financial judgment against the producer, and sharing information with the Department of Justice.

(4) Late payment interest will be assessed on each refund in accordance with provisions and rates as determined by the Agency.

(i) Interest charged by the Agency under this program will be at the rate established annually by the Secretary of the U.S. Treasury pursuant to 31 U.S.C. 3717. Interest will accrue from the date payments were received by the biorefinery to the date of repayment, as determined in accordance with applicable regulations.

(ii) The Agency may waive the accrual of interest and/or damages if the Agency determines that the cause of the erroneous determination was not due to any action of the biorefinery.

(5) Any biorefinery or person receiving payment under this program will be jointly and severally liable for any refund or related charges due under this program.

VII. Administration Information

A. Notice of Eligibility. If an applicant is determined by the Agency to be eligible for participation, the Agency will notify the applicant, in writing, and will assign the applicant an agreement number. If an applicant is determined by the Agency to be ineligible, the Agency will notify the applicant, in writing, as to the reason(s) the applicant was rejected. Such applicants will have appeal rights as specified in this Notice.

B. Conditions for Receipt of Payment. A signed copy of Form RD 9004–2, “Repowering Assistance Program–Agreement,” will be required for payment.

C. Administrative and National Policy Requirements. In the event that all program funds are not expended in 2010 and/or discretionary money becomes available, then the Agency will proceed with a rulemaking process.

(1) Review or appeal rights. Any person or entity who has applied for payments or whose right to receive payments under this program who is adversely affected by a decision by the Agency may appeal such decision to the USDA National Appeals Division pursuant to 7 CFR Part 11.

(2) Remedies. The remedies provided in this Notice will be in addition to other civil, criminal, or administrative remedies that may apply.

(3) Records. For the purpose of verifying compliance with the requirements of this Notice, each biorefinery must make available and provide for the metering of all power and heat producing boilers, containment vessels, generators and any other equipment related to the production of heat or power required to displace fossil fuel loads with renewable biomass. These records must be held in one place and be available at all reasonable times for examination by the Agency. Such records include all books, papers, contracts, scale tickets, settlement sheets, invoices, written price quotations, and any other documents related to the program that are within the control of the biorefinery. These records must be held and made available for Agency examination for a period of not less than three years from each payment date.

(4) Succession and control of facilities and production. Any party obtaining a biorefinery that is under this program must request permission to participate in this program as a successor. The Agency may grant such request if it is determined that, the party is eligible, and permitting such succession would serve the purposes of the program. If appropriate, the Agency may require the consent of the previous party to such succession. Also, the Agency may terminate payments and demand full refund of payments made if a party loses control of a biorefinery whose production of heat or power from renewable biomass is the basis of a program payment, or otherwise fails to retain the ability to assure that all program obligations and requirements will be met.

D. Environmental Review. All recipients under this subpart are subject to the requirements of 7 CFR Part 1940, subpart G.

E. Civil Rights Requirements. The Agency will comply with the civil rights law and compliance requirements in accordance with 7 CFR Part 1901–E. This program is subject to Executive Order 12898, Environmental Justice, and RD Instruction 2006–P.
