For information on the legal aspects of these investigations, contact William Gearhart of the Commission's Office of the General Counsel (202–205–3091 or william.gearhart@usitc.gov). The media should contact Margaret O'Laughlin, Office of External Relations (202–205–1819 or margaret.olaughlin@usitc.gov). Hearing-impaired individuals may obtain information on this matter by contacting the Commission's TDD terminal at 202–205–1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000.

Background: As requested by the USTR, the Commission will conduct an investigation and provide a report on the actual effects of the free trade agreements (FTAs) concluded with Chile, Singapore, and Australia. In its report the Commission will—

(1) With respect to each of the FTAs, and for certain goods for which the United States agreed to phase out its tariffs and other market barriers over an extended period of time, examine U.S. imports of these goods, identify any apparent anomalies in U.S. import levels, and discuss the possible causes for these anomalies; in identifying whether an import level is anomalous, the Commission will consider factors affecting such levels, such as tariff changes, trade changes in similar products, changes in trade of the same product with other trading partners, or other relevant indicators of trade flows;

(2) With respect to each of the FTAs, and for certain goods for which the other party agreed to phase out its tariffs and other market access barriers over an extended period of time, examine U.S. exports of these goods, identify any apparent anomalies in U.S. export levels, and indicate the possible causes for these anomalies, taking into account the factors identified above;

(3) Consider the existence of other apparently anomalous levels of U.S. exports to the other FTA party, e.g., where the immediate elimination of tariffs and significant market access barriers to trade in a particular product resulted in little or no increase in U.S. exports, or where U.S. exports increased significantly in tariff lines where little or no reduction in tariffs occurred as the result of the FTA; the Commission will identify such apparently anomalous situations and indicate the possible causes, to the extent possible, and if possible, will identify and examine unexpected results in the performance of U.S. services exports.

The USTR asked that the Commission deliver its report within eight months of receipt of the request (by December 13, 2010). The USTR indicated that the portions of the Commission's report and working papers that relate to the identification and possible causes of the apparent anomalies and anomalous situations will be classified as "confidential." The USTR also stated that he considers the Commission's report to be an inter-agency memorandum that will contain pre-decisional advice and be subject to the deliberative process privilege.

Written Submissions: In lieu of a hearing, interested parties are invited to submit written statements concerning this investigation. All written

submissions should be addressed to the Secretary, and should be received not later than 5:15 p.m., July 15, 2010. All written submissions must conform with the provisions of section 201.8 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (*see* the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (*see* Handbook on Electronic Filing Procedures, http://www.usitc.gov/docket_services/documents/handbook_on_electronic_filing.pdf). Persons with questions regarding electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information (CBI) must also conform with the requirements of section 201.6 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

Some or all of the CBI that the Commission receives in this investigation may be included in the report that the Commission sends to the USTR. However, any confidential business information received by the Commission in this investigation and used in preparing this report will not be published in a manner that would reveal the operations of the firm supplying the information.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-669]

In the Matter of Certain Optoelectronic Devices, Components Thereof, and Products Containing the Same; Notice of Commission Decision Not To Review a Final Initial Determination Finding a Violation of Section 337; Request for Written Submissions Regarding Remedy, Bonding, and the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review a final initial determination ("ID") of the presiding administrative law judge ("ALJ") finding a violation of section 337 in the above-captioned investigation, and is requesting written submissions regarding remedy, bonding, and the public interest.

FOR FURTHER INFORMATION CONTACT:

Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2310. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 10, 2009 based on a complaint filed on February 3, 2009, by Avago Technologies Fiber IP (Singapore) Pte. Ltd. of Singapore; Avago Technologies General IP (Singapore) Pte. Ltd. of Singapore; and Avago Technologies Ltd. of San Jose, California. 74 FR 10278-79 (March 10, 2009). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within

the United States after importation of certain optoelectronic devices, components thereof, or products containing the same by reason of infringement of certain claims of U.S. Patent Nos. 5,359,447 ("the '447 patent") and 5,761,229 ("the '229 patent"). The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337. The complaint names a single respondent, Emcore Corporation ("Emcore") of Albuquerque, New Mexico.

On December 7, 2009, the Commission issued notice of its determination not to review the ALJ's ID granting complainants' motion for summary determination on ownership of the asserted patents.

On March 12, 2010, the ALJ issued his final ID finding a violation of section 337 by Emcore by reason of infringement of one or more of claims 1, 2, 3, and 5 of the '447 patent. The ALJ found no violation of section 337 with respect to the '229 patent. He also issued his recommendation on remedy and bonding during the period of Presidential review. On March 29, 2010, Emcore and the Commission investigative attorney ("IA") filed petitions for review of the final ID. The IA and complainants filed responses to the petitions on April 6, 2010. The Commission has determined not to review the subject ID.

In connection with the final disposition of this investigation, the Commission may issue an order that results in the exclusion of the subject articles from entry into the United States. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, *see In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

When the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) The public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles
