Exelon Generation Company, LLC; Oyster Creek Nuclear Generating Station; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Exelon Generation Company, LLC, (Exelon), to withdraw its November 2, 2007, application for amendment to Facility Operating License No. DPR–16 for the Oyster Creek Nuclear Generating Station (Oyster Creek), located in Ocean County, New Jersey.

Documents may be examined, and/or copied for a fee, at the NRC’s Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the Internet at the NRC Web site, http://www.nrc.gov/reading-rm/adams.html.
