Due to the typographical error, this is being reissued.

DATES: The comment period closes on August 23, 2010.

NUCLEAR REGULATORY COMMISSION

[Docket No. 52–011; NRC–2008–0252]

Southern Nuclear Operating Company et al.; Notice of Availability of Environmental Assessment and Finding of No Significant Impact for License Amendment to Early Site Permit Issued to Southern Nuclear Operating Company et al. for Vogtle Electric Generating Plant ESP Site Located in Burke County, GA

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of availability.

SUPPLEMENTARY INFORMATION:

I. Introduction

The purpose of the proposed amendment is to authorize a change to the early site permit issued to SNC for the Vogtle Electric Generating Plant ESP site located in Burke County, Georgia. Specifically, the proposed amendment would modify the Vogtle Electric Generating Plant ESP SSAR to allow the use of Category 1 and 2 backfill obtained from onsite borrow areas that were not previously specified in the VEGP ESP SSAR.

By letter dated May 13, 2010, the applicant requested that the NRC consider issuing a limited scope approval (LSA) of a subset of onsite locations pending the NRC determination on the remainder of the borrow sources identified in the LAR. The borrow sources encompassed by this limited scope approval are in areas for which impacts were previously analyzed in the environmental review documented in NUREG 1872, Vol. 1, Final Environmental Impact Statement for an Early Site Permit (ESP) at the Vogtle Electric Generating Plant Site (ESP FEIS) (NRC 2008). Under 10 CFR 51.21, “Criteria for and Identification of Licensing and Regulatory Actions Requiring Environmental Assessments,” the NRC prepared an EA that evaluated the impacts associated with the LSA and, based on that EA, reached a Finding of No Significant Impact. The LSA portion of the LAR was approved as Amendment No. 1 to ESP number ESP–004 on May 21, 2010. By letter dated May 24, 2010, the applicant clarified the scope of the remainder of its April 20 LAR by limiting the request for the three other specific portions of the
