Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Intergovernmental Relations, and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are W in New York, thence south along the Manhattan shoreline to approximate position 40°44′48.98″ N, 074°00′41.06″ W, then west to approximate position 40°44′55.91″ N, 074°01′24.94″ W, then north along the New Jersey shoreline and back to the point of origin. (NAD 83).

(b) Effective period. This regulation is effective from 7 p.m. until 11 p.m. on July 4th, 2010, and if the fireworks display is postponed, it will be effective from 7 p.m. until 11 p.m. on July 5, 2010.

(c) Regulations. The general regulations contained in 33 CFR 165.23 apply.

(d) In accordance with the general regulations in §165.23 of this part, entry into or movement within this zone is prohibited unless authorized by the Captain of the Port New York.

(e) All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port New York or the designated on-scene-patrol personnel. These designated on-scene-patrol personnel comprise commissioned, warrant, and petty officers of the Coast Guard. Upon being hailed by a U.S. Coast Guard vessel by siren, radio, flashing light, or other means the operator of a vessel shall proceed as directed.

Dated: June 14, 2010.

R.R. O’Brien, Jr.,
Captain, U.S. Coast Guard, Captain of the Port New York.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2010–0602]

RIN 1625–AA00

Safety Zone; Vietnam Veterans of America Fireworks Display, Brookings, OR

SUMMARY: The Coast Guard is establishing a temporary safety zone on the waters of Pelican Bay and the Pacific Ocean for the Vietnam Veterans of America Fireworks Display near Brookings, Oregon. This action is necessary to ensure the safety of the maritime public during the display and will do so by prohibiting all persons and vessels from entering the safety zone.
unless authorized by the Captain of the Port or his designated representative.

DATES: This rule is effective from 8 p.m. until 11 p.m. on July 4, 2010.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2010–0602 and are available online by going to http://www.regulations.gov, inserting USCG–2010–0602 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail MST1 Jaime Sayers, Waterways Management Division, Coast Guard Sector Portland; telephone 503–0602 and are available online by going to http://www.regulations.gov, inserting USCG–2010–0602 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because delaying the effective date by first publishing an NPRM would be contrary to the safety zone’s intended objective since immediate action is needed to protect persons and vessels against the hazards associated with fireworks displays on navigable waters. Accordingly, under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register because to do so would be contrary to public interest since the event will have already occurred by the time the 30-day comment period will have passed.

Basis and Purpose

The Vietnam Veterans of America are holding a fireworks display near Brookings, Oregon on July 4, 2010. Due to the inherent dangers associated with such displays, the safety zone created by this rule is necessary to help ensure the safety of the maritime public and will do so by prohibiting all persons and vessels from coming too close to the fireworks display and the associated hazards.

Discussion of Rule

This rule establishes a temporary safety zone covering the waters of the Pacific Ocean bounded by a line starting at the tip of the south jetty of the Chetco River (point 1) and extending offshore to the Chetco River Entrance Lighted Bell Buoy 2 (point 2) and another line returning from point 2 at an angle to a point on the shore south of the jetty (point 3). The latitude and longitudes of the three points are as follows: Point 1: 42°02′37.43″ N/124°16′14.66″ W, Point 2: 42°02′05.12″ N/124°16′36.54″ W, and Point 3: 42°02′17.70″ N/124°15′46.01″ W. All persons and vessels will be prohibited from entering the safety zone unless authorized by the Captain of the Port or his designated representative.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. The Coast Guard has made this determination because the safety zone will only be in effect for three hours on one day and maritime traffic may be able to transit the zone if authorized by the Captain of the Port or his designated representative.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities some of which may be small entities: The owners or operators of vessels wishing to transit the safety zone established by this rule from 8 p.m. until 11 p.m. on July 4, 2010. The rule will not have a significant economic impact on a substantial number of small entities, however, because the safety zone will only be in effect for three hours on one day and maritime traffic may be able to transit the zone if authorized by the Captain of the Port or his designated representative.

Assistant for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132.

Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires
Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

**Taking of Private Property**

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

**Civil Justice Reform**

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

**Protection of Children**

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

**Indian Tribal Governments**

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

**Energy Effects**

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

**Technical Standards**

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

**Environment**

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g), of the Instruction. This rule involves the establishment of a safety zone. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under ADDRESSES.

**List of Subjects in 33 CFR Part 165**

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

**PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS**

1. The authority citation for part 165 continues to read as follows:

   2. Add § 165.T13–151 to read as follows:

   **§ 165.T13–151 Safety Zone; Vietnam Veterans of America Fireworks Display, Brookings, OR.**

   (a) **Location.** The following area is a safety zone: All waters of the Pacific Ocean bounded by a line starting at the tip of the south jetty of the Chetco River (point 1) and extending offshore to the Chetco River Entrance Lighted Bell Buoy 2 (point 2) and another line returning from point 2 at an angle to a point on the shore south of the jetty (point 3). The latitude and longitudes of the three points are as follows: Point 1: 42°02′37.43″ N/124°16′14.66″ W, Point 2: 42°02′05.12″ N/124°16′36.54″ W, and Point 3: 42°02′17.70″ N/124°15′46.01″ W.

   (b) **Regulations.** In accordance with the general regulations in § 165.23 of this part, no person or vessel may enter or remain in the safety zone created by this section without the permission of the Captain of the Port or his designated representative. Designated representatives are Coast Guard Personnel authorized by the Captain of the Port to grant persons or vessels permission to enter or remain in the safety zone created by this section. See 33 CFR part 165, subpart C, for additional information and requirements.

   (c) **Enforcement Period.** The safety zone created by this section will be in effect from 8 p.m. until 11 p.m. on July 4, 2010.

   Dated: June 22, 2010.

   F.G. Myer,
   Captain, U.S. Coast Guard, Captain of the Port, Portland.
