The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to remove Class E surface airspace as an extension to Class D airspace and amend the description of the Class E airspace extending upward 700 feet above the surface at Oxford-Waterbury Airport, Oxford, CT. The Waterbury NDB has been decommissioned and reference to the navigation aid would be removed from the airspace description for the safety and management of IFR operations at Waterbury-Oxford Airport.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would amend controlled airspace at Waterbury-Oxford Airport, Oxford, CT.

**The Proposed Amendment**

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

**PART 71—DESIGNATION OF CLASS A, B, C, D, AND CLASS E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

   § 71.1 [Amended]

SUPPLEMENTARY INFORMATION:

Background
This document contains proposed amendments to the Procedure and Administration regulations [26 CFR Part 301] relating to section 6103(j)(1)(A) of the Internal Revenue Code (Code). Section 6103(j)(1)(A) of the Code authorizes the Secretary of the Treasury to furnish, upon written request by the Secretary of Commerce, such returns or return information as the Secretary of Treasury may prescribe by regulation to officers and employees of the Bureau of the Census (Bureau) for the purpose of, but only to the extent necessary in, the structuring of censuses and conducting related statistical activities authorized by law. Section 301.6103(j)(1)–1 of the regulations provides an itemized description of the items of return information authorized to be disclosed for this purpose. This document contains proposed regulations authorizing the disclosure of additional items requested by the Secretary of Commerce. The text of temporary regulations published in this issue of the Federal Register also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the temporary regulations.

Special Analyses
It has been determined this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedures Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulation does not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, this regulation has been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Requests for Public Hearing
Before these proposed regulations are adopted as final regulations, consideration will be given to any written (a signed original and 8 copies) or electronic comments that are timely submitted to the IRS. The IRS and Treasury Department request comments on the clarity of the proposed rules and how they can be made easier to understand. All comments will be available for public inspection and copying. A public hearing will be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the Federal Register.

Drafting Information
The principal author of these proposed regulations is Melissa Segal, Office of the Associate Chief Counsel (Procedure & Administration).
