DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

33 CFR Part 334

Restricted Area in Cape Fear River and Tributaries at Sunny Point Army Terminal, Brunswick County, NC

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Direct final rule.

SUMMARY: The U.S. Army requested that the U.S. Army Corps of Engineers (Corps) revise the regulation for the restricted area in the Cape Fear River and its tributaries at Sunny Point Army Terminal, Brunswick County, North Carolina, by renaming the marker buoys and specifying the latitude and longitude for those buoys. There are no other changes proposed for this restricted area regulation. The purpose of the rule is to correct the buoys designating the boundary of the restricted area. The restricted area provides security for the facility, and prevents acts of terrorism, sabotage, or other criminal acts against the facility, including vessels loading and offloading at the Sunny Point Army Terminal.

DATES: This rule is effective November 1, 2010 without further notice, unless the Corps receives adverse comment by September 30, 2010. If we receive such adverse comment, we will publish a timely withdrawal in the Federal Register informing the public that this rule will not take effect.

ADDRESSES: You may submit comments, identified by docket number COE–2010–0015, by any of the following methods:

E-mail: david.bolson@usace.army.mil. Include the docket number COE–2010–0015 in the subject line of the message.

Hand Delivery/Courier: Due to security requirements, we cannot receive comments by hand delivery or courier.

Instructions: Direct your comments to docket number COE–2010–0015. All comments received will be included in the public docket without change and may be made available on-line at http://regulations.gov, including any personal information provided, unless the commenter indicates that the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI, or otherwise protected, through regulations.gov or e-mail. The regulations.gov Web site is an anonymous access system, which means we will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail directly to the Corps without going through regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, we recommend that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If we cannot read your comment because of technical difficulties and cannot contact you for clarification, we may not be able to consider your comment. Electronic comments should avoid the use of any special characters, any form of encryption, and be free of any defects or viruses.

Docket: For access to the docket to read background documents or comments received, go to http://www.regulations.gov. All documents in the docket are listed. Although listed in the index, some information is not publicly available, such as CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form.

SUPPLEMENTARY INFORMATION: By letter dated February 22, 2010, the Corps of Engineers was informed that the federal channel navigation buoys that mark the Cape Fear River main navigation channel and the boundaries of the restricted zone at the Sunny Point Army Terminal have been replaced with new buoys. The Army requests that the rule be revised because the current federal channel navigation buoys identification numbers no longer correspond to the regulation for the restricted area at the Sunny Point Army Terminal. In response to this request by the U.S. Army, and pursuant to its authorities under Section 7 of the Rivers and Harbors Act of 1917 (40 Stat 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat 892; 33 U.S.C. 3), the Corps is amending the regulations in 33 CFR part 334 by revising the restricted area regulation.

The Corps is publishing this rule without prior proposal because we view this as a non-controversial amendment and anticipate no adverse comment.

In the “Proposed Rules” section of today’s Federal Register, we are publishing a separate document that will serve as the proposal to revise this restricted area regulation if adverse comments are filed. This rule will be effective on November 1, 2010 without further notice unless we receive adverse comment by September 30, 2010. If we receive adverse comment, we will publish a timely withdrawal in the Federal Register informing the public that the direct final rule will not take effect. We will address all public comments in a subsequent final rule based on the proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

Procedural Requirements

a. Review Under Executive Order 12866. This rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

b. Review Under the Regulatory Flexibility Act. This rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96–354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). The Corps has determined that revising this restricted area regulation would have practically no economic impact on the public, or result in no anticipated navigational hazard or interference with existing waterway traffic. This will have no significant economic impact on small entities.
c. Review Under the National Environmental Policy Act. The Corps expects that the final rule will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. An environmental assessment has been prepared and it may be reviewed at the District office listed at the end of the FOR FURTHER INFORMATION CONTACT, above. If we receive adverse comment, an environmental assessment will be prepared for the subsequent final rule.
d. Unfunded Mandates Act. The final rule does not impose an enforceable duty among the private sector and, therefore, are not a Federal private sector mandate and are not subject to the requirements of Section 202 or 205 of the Unfunded Mandates Reform Act (Pub. L. 104–4, 109 Stat. 48, 2 U.S.C. 1501 et seq.). We have also found under Section 203 of the Act, that small governments will not be significantly or uniquely affected by this rulemaking.

[Docket No. 2010–4 CRB Satellite Rate]

Rate Adjustment for the Satellite Carrier Compulsory License

AGENCY: Copyright Royalty Board, Library of Congress.
ACTION: Final rule.

SUMMARY: The Copyright Royalty Judges are publishing final regulations setting the rates for the satellite carrier statutory license of the Copyright Act for the license period 2010–2014.

DATES: Effective Date: August 31, 2010.

Applicability Dates: These regulations apply to the license period January 1, 2010, to December 31, 2014.

FOR FURTHER INFORMATION CONTACT: Richard Strasser, Senior Attorney, or Gina Giuffrè, Attorney Advisor, by telephone at (202) 707–7658 or e-mail at crb@loc.gov.

SUPPLEMENTARY INFORMATION: On June 9, 2010, the Copyright Royalty Judges (“Judges”) received from the Program Suppliers and the Joint Sports Claimants (collectively, the “Copyright Owners”) and DIRECTV, Inc., DISH Network, LLC, and National Programming Service, LLC (collectively, the “Satellite Carriers”) a voluntary agreement negotiated pursuant to 17 U.S.C. 119 proposing rates for the satellite carrier statutory license for the period 2010–2014. The Copyright Owners and Satellite Carriers requested that the proposed rates be applied to all satellite carriers, distributors and copyright owners without holding a rate proceeding. See 17 U.S.C. 119(c)(1)(D)(ii)(I). As required by section 119(c)(1)(D)(ii)(II), the Judges published for comment the proposed rates in the Federal Register. 75 FR 39891 (July 13, 2010).

Section 119(c)(1)(D)(ii)(III) provides that the Judges shall adopt the negotiated rates “unless a party with an intent to participate in the proceeding and a significant interest in the outcome of that proceeding objects under clause (II).” Objections to the proposed rates were to be submitted no later than August 12, 2010. No objections were submitted.

Having received no objections to the proposed rates, the Judges are now adopting as final the proposed rates as published on July 13, 2010. See 75 FR 39891.
