SUPPLEMENTARY INFORMATION: The Federal Employees' Compensation Act provides workers' compensation coverage to three million federal and postal workers around the world for employment-related injuries and occupational diseases. The Division of Federal Employees' Compensation (DFEC) is charged with administering the FECA program. To obtain better feedback regarding various DFEC programs and functions, the DFEC is seeking approval to allow contract personnel such as Continuation of Pay (COP) Nurses, Field Nurses, and Rehabilitation Counselors, the opportunity to participate and provide feedback on DFEC effectiveness. These resources play a vital role in assisting the DFEC with the mission of returning injured employees to gainful employment. To this end, DOL seeks implementation of three separate surveys for this group. These surveys may be used on occasion, and a three-year approval for this new information collection is requested. For additional information, see the related notice published in the **Federal Register** on June 18, 2010 (75 FR 34769).

Under the Paperwork Reduction Act, a Federal agency generally cannot conduct or sponsor a collection of information unless it is approved by the OMB under the PRA and displays a currently valid OMB control number. Furthermore, the public is not required to respond to a collection of information
