approximately 110 acres in Okanogan County. PLO No. 6952 is incorporated herein by reference.

The purpose of the proposed withdrawal extension is to continue the protection of the integrity and functionality of the seed orchards, along with the investment of Federal funds at the Peony, Pole Pick, and Frank Burge Seed Orchards. The orchards produce tree seeds used for replanting harvested areas. The orchards cannot be moved to another location.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection.

The USFS would not need to acquire water rights to fulfill the purpose of the requested withdrawal extension.

Records related to the application may be examined by contacting Charles R. Roy at the above address or phone number.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM State Director at the address indicated above.

Comments, including names and street addresses of respondents, will be available for public review at the address indicated above during regular business hours.

Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organization or businesses, will be made available for public inspection in their entirety.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested parties who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the BLM State Director at the address indicated above by January 24, 2011. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the Federal Register and in at least one local newspaper at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300.4.

Notice of Realty Action: Segregation To Consider Proposed Sale of Public Lands in Blaine County, ID

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM), Shoshone Field Office, proposes to sell a parcel of public land totaling approximately 3.4 acres in Blaine County, Idaho, to the Point of Rocks Ranch, LLC under the provisions of the Federal Land Policy Management Act of 1976 (FLPMA), at no less than the appraised fair market value.

DATES: In order to ensure consideration of your comments regarding this Notice of Realty Action (NORA), as well as the environmental analysis of the proposed sale, comments must be received by the BLM on or before December 10, 2010.

ADDRESSES: Address all comments concerning this NORA to the Field Manager, BLM Shoshone Field Office, 400 West F Street, Shoshone, Idaho 83352.

FOR FURTHER INFORMATION CONTACT: Tara Hagen, Realty Specialist, BLM Shoshone Field Office, at the above address or telephone (208) 732–7205.

SUPPLEMENTARY INFORMATION: The following described public land is being proposed for direct sale to the Point of Rocks Ranch, LLC in accordance with Sections 203 and 209 of FLPMA, as amended (43 U.S.C. 1713 and 1719), and implementing regulations at 43 CFR part 2710 and 2720, at no less than the appraised fair market value:

Boise Meridian

T. 1 S., R. 20 E.,
Sec. 15, that portion of public lands in the NW¼SW¼ lying south of the North Picabo Road.

The area described contains approximately 3.4 acres in Blaine County.

The 1981 BLM Sun Valley Management Framework Plan, as amended by the 2003 Amendments to the BLM Shoshone Field Office Land Use Plans for Land Tenure Adjustment and Areas of Critical Environmental Concern, identifies this parcel of public land as suitable for disposal. The BLM is proposing a direct sale to resolve an inadvertent unauthorized use and encumbrance of the lands. Conveyance of the identified public land will be subject to valid existing rights and encumbrances of record, including but not limited to, rights-of-way for roads and public utilities. Conveyance of any mineral interests pursuant to Section 209 of FLPMA will be analyzed during processing of the proposed sale.

On October 26, 2010, the above-described land will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of FLPMA. The BLM is no longer accepting land use applications affecting the identified public land, except applications for the amendment of previously filed right-of-way applications or existing authorizations to increase the term of the grants in accordance with 43 CFR 2807.15 and 2886.15. The segregative effect will terminate upon issuance of a patent, publication in the Federal Register of a termination of the segregation, or October 26, 2012 unless extended by the BLM State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date.

Public Comments: For a period until December 10, 2010, interested parties and the general public may submit in writing any comments concerning the land being considered for direct sale, including notification of any encumbrances or other claims relating to the identified land, to the Field Manager, BLM Shoshone Field Office, at the above address. In order to ensure consideration in the environmental analysis of the proposed sale, comments must be in writing and postmarked or delivered within 45 days of the initial date of publication of this NORA. Comments transmitted via e-mail will not be accepted. Comments, including names and street addresses of respondents, will be available for public review at the BLM Shoshone Field
Office during regular business hours, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—not be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2711.1–2.

Notice of Availability of the Record of Decision for the Calico Solar Project and Associated Amendment to the California Desert Conservation Area Resource Management Plan-Amendment, San Bernardino County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for a right-of-way (ROW) lease/grant to Calico Solar Limited Liability Corporation (LLC) for the Calico Solar Project (formerly SES Solar One) and an associated Amendment to the California Desert Conservation Area Resource Management Plan (CDCA Plan). The Calico Solar Project is located in San Bernardino County, California. The Secretary of the Interior signed the ROD on October 20, 2010, which constitutes the final decision of the Department. The ROD and the Approved Plan Amendment are effective immediately.

DATES: These decisions are effective immediately upon publication of this notice.

ADDRESSES: Copies of the ROD are available upon request from the Field Manager, Barstow Field Office, Bureau of Land Management, 2601 Barstow Road, Barstow, California 92311 or at the following Web site: http://www.blm.gov/ca/st/en/fo/barstow/solar_one_calico.html. Copies of the ROD are also available for public inspection at the Barstow Field Office.

FOR FURTHER INFORMATION CONTACT: Jim Stobaugh, National Project Manager, by telephone: 775–861–6478; mail: BLM Nevada State Office, P.O. Box 12000, Reno, Nevada 89520–0006; or e-mail: Jim_ Stobaugh@blm.gov.

SUPPLEMENTAL INFORMATION: After extensive environmental analysis; consultation and collaboration with Federal, state, and local agencies; consideration of public comments; and application of relevant Federal laws and policies, the BLM has decided to offer Calico Solar LLC a ROW lease/grant for the construction, operation, maintenance, and decommissioning of the 663.5 megawatt (MW), 4,604-acre Calico Solar Project, including related project facilities and access roads across public lands administered by the BLM. In association with this ROW lease/grant, the BLM is also amending the CDCA Plan to allow for the siting of a solar energy power plant on the proposed project site. The ROW lease/grant authorizes the use of public lands for the project for a term of 30 years, and the lease/grant is renewable. A temporary use permit authorizes the use of public lands for construction of temporary access roads and construction space for a term of 3 years and is also subject to renewal. The amendment of the CDCA Plan will allow for the siting of the Calico Solar Project and related facilities, including 26,450 SunCatcher solar dishes, a 230-kilovolt (kV) Calico Substation and 2-mile, 230-kv transmission line, and other project facilities through incorporation of the Calico Solar Project into the Energy Production and Utility Corridors Element of the CDCA Plan. The BLM’s decision authorizes issuance of a ROW lease/grant to Calico Solar LLC for the Modified Agency Preferred Alternative. The Agency Preferred Alternative is within the scope of alternatives that were analyzed in the Final Environmental Impact Statement (EIS) issued in August 2010. Modifications to the Agency Preferred Alternative have been made since publication of the Final EIS as the result of additional agency consultation and in response to public comments. The Environmental Protection Agency published a Notice of Availability (NOA) of the Final EIS in the Federal Register on August 6, 2010 (75 FR 47620). Publication of the NOA for the Final EIS initiated a 30-day protest period for the proposed amendment to the CDCA Plan. At the close of the protest period on September 7, 2010, five protests were received and resolved. Detailed information on the protests may be found on the BLM Washington Office Web site at: http://www.blm.gov/wo/st/en/prog/planning/protest_resolution.html. The proposed amendment to the CDCA Plan was not modified as a result of the protest resolution. Simultaneously with the protest period, the California Governor’s Office conducted a 30-day consistency review of the proposed CDCA Plan amendment/Final EIS to identify any inconsistencies with state or local plan, policies or programs. The California Governor’s office did not identify inconsistencies between the proposed amendment to the CDCA Plan/Final EIS. As a result of the above and additional consultation with jurisdictional regulatory agencies, the 6,215-acre, 850–MW Agency Preferred Alternative for the Calico Solar Project was modified to include: (1) A project footprint reduced from 6,215 acres to 4,604 acres; (2) generation capacity reduced from 850–MW (34,000 SunCatchers) to 663.5–MW (26,540 SunCatchers); and (3) construction of Phase 1 subdivided into phase 1a and 1b. The authorized ROW lease/grant includes all of the above modifications.

Because this decision is approved by the Secretary of the Interior, it is not subject to administrative appeal (43 CFR 4.410(a)(3)).

Authority: 40 CFR 1506.6.
