Persons interested in reviewing environmental documents for the proposals listed above or obtaining information about SEAs and FONSI prepared by the Gulf of Mexico OCS Region are encouraged to contact BOEMRE at the address or telephone listed in the FOR FURTHER INFORMATION CONTACT section.  

Dated: August 11, 2010.  

John Rodi,  
Deputy Regional Director, Gulf of Mexico OCS Region.

FOR FURTHER INFORMATION CONTACT:  
Office of Public Information, Bureau of Ocean Energy Management, Regulation and Enforcement, Gulf of Mexico OCS Region, Elmwood Park Boulevard, Room 114, New Orleans, Louisiana 70123–2394, or by calling 1–800–200–GULF.

SUMMARY: The Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE), in accordance with Federal Regulations that implement the National Environmental Policy Act (NEPA), announces the availability of NEPA-related Site-Specific Environmental Assessments (SEA) and Findings of No Significant Impact (FONSI), prepared by BOEMRE for the following oil-, gas-, and mineral-related activities proposed on the Gulf of Mexico.

SUPPLEMENTARY INFORMATION: BOEMRE prepares SEAs and FONSI for proposals that relate to exploration, development, production, and transport of oil, gas, and mineral resources on the Federal OCS. These SEAs examine the potential environmental effects of activities described in the proposals and present BOEMRE conclusions regarding whether those effects have significant impacts. Environmental Assessments are used to evaluate impacts and assist in determining whether or not approval of the proposals constitutes a major Federal action that significantly affects the quality of the human environment under Section 102(2)(C) of NEPA. A FONSI is prepared in those instances where BOEMRE finds that approval will not result in significant effects on the quality of the human environment. The FONSI briefly presents the basis for that finding and includes a summary or copy of the SEA. This notice constitutes the public notice of availability of environmental documents required under the NEPA Regulations.

Robert P. LaBelle,
Acting Associate Director for Offshore Energy and Minerals Management.

Bureau of Land Management

[LLWY930000–LS1100000–GN0000–LVEMK10CW370; WYW140590]

Notice of Correction to Notice of Intent To Prepare an Environmental Impact Statement for the Gas Hills Uranium Project, Fremont and Natrona Counties, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of correction.

SUMMARY: On September 7, 2010, the Bureau of Land Management published a Notice of Intent to Prepare an Environmental Impact Statement for the Gas Hills Uranium Project, Fremont and Natrona Counties, Wyoming (75 FR 54384). The notice inadvertently contained an incorrect legal land description. The correct legal land description for the Gas Hills Uranium Project location is as follows:

Sixth Principal Meridian, Wyoming

T. 32 N., R. 89 and 90 W.

T. 33 N., R. 89 and 90 W.
