

variable pressure capability, low kV and Schottky field emission source, secondary and backscatter detection, and a temperature control Peltier stage. *Justification for Duty-Free Entry:* There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* October 27, 2010.

Docket Number: 10–066. *Applicant:* Vanderbilt University, 2201 West End Avenue, Nashville, TN 37235.

Instrument: Electron Microscope.

Manufacturer: JEOL Limited, Japan.

Intended Use: The instrument will be used to study cement-based composites, environmental materials, and geological samples for their microstructure, phase characteristics, and interfacial processes. This instrument can image and analyze samples that are completely wet while carrying the humidity and pressure in the specimen chamber. This instrument also offers a WetSTEM detector for imaging completely wet samples in both bright field (BF) and dark field (DF) modes without special sample handling/encapsulation.

Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* October 27, 2010.

Dated: November 22, 2010.

Gregory Campbell,

Acting Director, IA Subsidies Enforcement Office.

Purified Carboxymethylcellulose From Finland; Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 9, 2010, the Department of Commerce (the Department) published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on purified carboxymethylcellulose from Finland. *See Purified Carboxymethylcellulose from Finland; Notice of Preliminary Results of Antidumping Duty Administrative Review*, 75 FR 47788 (August 9, 2010) (*Preliminary Results*).

We gave interested parties an opportunity to comment on the *Preliminary Results* and received no comments.

DATES: *Effective Date:* November 29, 2010.

FOR FURTHER INFORMATION CONTACT:

Tyler Weinhold, or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482–1121 or (202) 482–0649, respectively

SUPPLEMENTARY INFORMATION:

Background

On August 9, 2010, the Department published the preliminary results of administrative review of the antidumping duty order covering purified carboxymethylcellulose from Finland. *See Preliminary Results.* The parties subject to this review are CP Kelco Oy and CP Kelco U.S., Inc. (collectively, CP Kelco). The petitioner in this proceeding is the Aqualon Company, a division of Hercules Incorporated (Petitioner).

In the *Preliminary Results*, the Department stated that interested parties may submit case briefs within 30 days of publication of the *Preliminary Results* and rebuttal briefs within five days after the due date for filing case briefs. *See Preliminary Results* at 47794. No interested party submitted a case or rebuttal brief. Accordingly, we made no changes for the final results. *See Memorandum from Tyler Weinhold, to the File, “Analysis of Data Submitted by CP Kelco Oy and CP Kelco U.S. Inc. (collectively, CP Kelco) in the Preliminary Results of the 2008–2009 Administrative Review of Purified Carboxymethylcellulose (CMC) from Finland,”* dated August 2, 2010; *Memorandum from Tyler Weinhold, to the File, “Analysis of Data Submitted by CP Kelco Oy and CP Kelco U.S. Inc. (collectively, CP Kelco) in the 2008–2009 Administrative Review of Purified Carboxymethylcellulose (CMC) from Finland,”* and *Memorandum from Sheikh M. Hannan, to the File, “Cost of Production and Constructed Value Calculation Adjustments for the Preliminary Results—CP Kelco Oy.”*

Period of Review

The period of review (POR) is July 1, 2008, through June 30, 2009.

Scope of the Order

The merchandise covered by this order is all purified carboxymethylcellulose (CMC),

sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States at subheading 3912.31.00. This tariff classification is provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Final Results of Review

The Department has determined that the following margin exists for the period July 1, 2008, through June 30, 2009:

Manufacturer	Weighted-average margin (percentage)
CP Kelco Oy	6.10

Assessment Rates

Pursuant to these final results, the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions for CP Kelco to CBP 15 days after the date of publication of these final results. Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific (or customer-specific) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific (or customer-specific) assessment rate calculated in the final results of this review are above *de minimis*.

The Department clarified its “automatic assessment” regulation on May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment of Antidumping Duties*). This clarification will apply to entries of subject

merchandise during the POR produced by CP Kelco for which CP Kelco did not know the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at the 6.65 percent all-others rate from the LTFV investigation if there is no company-specific rate for an intermediary involved in the transaction. *See Notice of Antidumping Duty Orders: Purified Carboxymethylcellulose from Finland, Mexico, the Netherlands and Sweden*, 70 FR 39734 (July 11, 2005). *See Assessment of Antidumping Duties* for a full discussion of this clarification.

Cash Deposit Requirements

Furthermore, the following cash deposit requirements will be effective upon publication of these final results for all shipments of purified carboxymethylcellulose from Finland entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended (the Act): (1) The cash deposit rate for CP Kelco will be the rate established in the final results of review; (2) if the exporter is not a firm covered in this review or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (3) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be the all-others rate from the LTFV investigation. *Id.* These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance

with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: November 15, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with October anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews.

DATES: *Effective Date:* November 29, 2010.

FOR FURTHER INFORMATION CONTACT: Sheila E. Forbes, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4697.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with October anniversary dates.

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting date.

Notice of No Sales

Under 19 CFR 351.213(d)(3), the Department may rescind a review where

there are no exports, sales, or entries of subject merchandise during the respective period of review ("POR") listed below. If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the POR, it must notify the Department within 60 days of publication of this notice in the **Federal Register**. The Department will consider rescinding the review only if the producer or exporter, as appropriate, submits a properly filed and timely statement certifying that it had no exports, sales, or entries of subject merchandise during the period of review. All submissions must be made in accordance with 19 CFR 351.303 and are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended ("the Act"). Six copies of the submission should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on every party on the Department's service list.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection ("CBP") data for U.S. imports during the period of review ("POR"). We intend to release the CBP data under Administrative Protective Order ("APO") to all parties having an APO within seven days of publication of this initiation notice and to make our decision regarding respondent selection within 21 days of publication of this **Federal Register** notice. The Department invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the applicable review.

Separate Rates

In proceedings involving non-market economy ("NME") countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department's policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.
