[Account Number: 6365-SZM]

President William Jefferson Clinton Birthplace Home National Historic Site

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Secretary of the Interior designates the site located at 117 South Hervey Street, Hope, Arkansas 71801, as the “President William Jefferson Clinton Birthplace Home National Historic Site.”

FOR FURTHER INFORMATION CONTACT:

Contact Nick Chevance, Midwest Regional Office, at (402) 661-1844.

SUPPLEMENTARY INFORMATION: Section 7002 of the Omnibus Public Land Management Act of 2009 (Pub. L. 111-11) includes a specific provision relating to establishment of this unit of the National Park System as follows:

Should the Secretary of the Interior acquire, by donation only from the Clinton Birthplace Foundation, Inc., fee simple, unencumbered title to the William Jefferson Clinton Birthplace Home site located at 117 South Hervey Street, Hope, Arkansas, 71801, and to any personal property related to that site, the Secretary shall designate the William Jefferson Clinton Birthplace Home site as a National Historic Site and unit of the National Park System, to be known as the “President William Jefferson Clinton Birthplace Home National Historic Site.”

On December 14, 2010, the Clinton Birthplace Home Foundation, Inc. donated to the United States, the property known as 117 South Hervey Street, Hope, Arkansas 71801. The property includes President Clinton’s birthplace home and the personal property therein as well as the Virginia

Cassidy Blythe Clinton Kelley Memorial Garden, and another improvement housing the Museum Store and Exhibit Center. With the donation of these lands and personal property, the Secretary hereby designates the site as a unit of the National Park System to be known as the “President William Jefferson Clinton Birthplace Home National Historic Site,” effective December 14, 2010, as a unit of the National Park System and subject to all laws, regulations, and policies pertaining to such units.

Dated: December 17, 2010.

Ken Salazar,

Secretary of the Interior.

Record of Decision

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Record of Decision on the Final Environmental Impact Statement/Cape Hatteras National Seashore Off-Road Vehicle Management Plan.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), and the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the Department of the Interior, National Park Service (NPS) has prepared and approved a Record of Decision (ROD) for the Final Environmental Impact Statement (Final EIS) for the Cape Hatteras National Seashore (Seashore) Off-Road Vehicle (ORV) Management Plan.

The ROD documents the decision by the NPS to implement Alternative F: NPS Preferred Alternative (the “selected action”).

The selected action is necessary to regulate ORV use at the Seashore in a manner that is consistent with applicable law, and appropriately addresses resource protection (including protected, threatened, or endangered species), potential conflicts among the various Seashore users, and visitor safety. The selected action provides the basis for a proposed special regulation for ORV use at the Seashore. Section 4.10(b) of the NPS regulations in Title 36 of the Code of Federal Regulations (CFR), which implements Executive Orders 11644 and 11989, prohibits ORV use except on routes and areas designated in a special regulation. The

ORV plan and special regulation are necessary to provide continued visitor access through the use of ORVs. The intended effects or objectives of this action are to:

- Minimize impacts from ORV use to soils and topographic features, for example, dunes, ocean beach, wetlands, tidal flats, and other features;
- Provide protection for threatened, endangered, and other protected species (e.g., state-listed species) and their habitats, and minimize impacts related to ORV and other uses as required by laws and policies, such as the Endangered Species Act, the Migratory Bird Treaty Act, and NPS laws and management policies;
- Minimize impacts to native plant species from ORV use;
- Minimize impacts to wildlife species and their habitats from ORV use;
- Protect cultural resources such as shipwrecks, archeological sites, and cultural landscapes from impacts related to ORV use;
- Ensure that ORV operators are informed about the rules and regulations regarding ORV use at the Seashore;
- Manage ORV use to allow for a variety of visitor use experiences;
- Minimize conflicts between ORV use and other uses;
- Ensure that ORV management promotes the safety of all visitors;
- Identify operational needs and costs to fully implement an ORV management plan;
- Identify potential sources of funding necessary to implement an ORV management plan;
- Provide consistent guidelines, according to site conditions, for ORV routes, ramps, and signage;
- Identify criteria to designate ORV use areas and routes;
- Establish ORV management practices and procedures that have the ability to adapt in response to changes in the Seashore’s dynamic physical and biological environment;
- Establish a civic engagement component for ORV management;
- Establish procedures for prompt and efficient public notification of beach access status, including any temporary ORV use restrictions, for such things as ramp maintenance, resource and public safety closures, storm events, etc;
- Build stewardship through public awareness and understanding of NPS resource management and visitor use policies and responsibilities as they pertain to the Seashore and ORV management.
