III. What is the agency’s authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be amended to delete one or more uses. The FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, the Administrator may approve such a request.

IV. Procedures for Withdrawal of Request

The registrant may choose to withdraw a request for use deletion by submitting the withdrawal in writing to Christopher Green using the methods in ADDRESSES. The Agency will consider the written withdrawal request no later than February 11, 2011, for registrations for which the registrant requested a waiver of the 180-day comment period. The registrant, Valent USA Corporation, requested a waiver of the 180-day comment period.

V. Provisions for Disposition of Existing Stocks

The Agency has authorized the registrants to sell or distribute a product under the previously approved labeling for a period of 18 months after approval of the revision, unless other restrictions have been imposed, as in special review actions.
