reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice of the final results of this administrative review is issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: January 10, 2011.

Paul Piquado,
Acting Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 2010, the Department published the Preliminary Results of the second administrative review of the antidumping duty order on certain polyester staple fiber ("PSF") from the People’s Republic of China ("PRC"). See Certain Polyester Staple Fiber From the People’s Republic of China: Notice of Preliminary Results and Preliminary Rescission, in Part, of the Antidumping Duty Administrative Review, 75 FR 40777 (July 14, 2010) ("Preliminary Results"). We gave interested parties an opportunity to comment on the Preliminary Results. Based upon our analysis of the comments and information received, we made changes to the margin calculations for the final results. We continue to find that sales have not been made below normal value ("NV") with respect to the mandatory respondents who participated fully and are entitled to a separate rate in this administrative review.

DATES: Effective Date: January 18, 2011.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to these reviews are addressed in the “Certain Polyester Staple Fiber from the People’s Republic of China: Issues and Decision Memorandum for the Final Results of 2008/2009 Administrative Review,” which is dated concurrently with and adopted by this notice ("Decision Memo"). A list of the issues which parties raised and to which we respond in the Decision Memo is attached to this notice as an Appendix. The Decision Memo is a public document and is on file in the Central Records Unit, main Commerce building, Room 7046, and is accessible on the Department’s Web site at http://www.trade.gov/ia. The paper copy and electronic version of the memorandum are identical in content.

Period of Review

The period of review ("POR") is June 1, 2008, through May 31, 2009.

Scope of the Order

The merchandise covered by the order is synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The subject merchandise may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets,
comforters, cushions, pillows, and furniture.

The following products are excluded from the scope: (1) PSF of less than 3.3 denier (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheading 5503.20.0025 and known to the industry as PSF for spinning and generally used in woven and knit applications to produce textile and apparel products; (2) PSF of 10 to 18 denier that are cut to lengths of 6 to 8 inches and that are generally used in the manufacture of carpeting; and (3) low-melt PSF defined as a bi-component fiber with an outer, non-polyester sheath that melts at a significantly lower temperature than its inner polyester core (classified at HTSUS 5503.20.0015).

Certain PSF is classifiable under the HTSUS subheadings 5503.20.0045 and 5503.20.0065. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

Changes Since the Preliminary Results

Based on a review of the record as well as comments received from parties regarding our Preliminary Results, we have made revisions to certain SVs and the margin calculations for Ningbo Dafa and Cixi Santai in the final results. Specifically, we have updated the calculation for labor and brokerage and handling SVs. See Decision Memo and the company specific analysis memoranda.

Wage Rate Methodology

Pursuant to a recent decision by the United States Court of Appeals for the Federal Circuit, we have calculated a revised hourly wage rate to use in valuing Ningbo Dafa and Cixi Santai’s reported labor. The revised wage rate is calculated by averaging earnings and/or wages in countries that are economically comparable to the PRC and that are significant producers of comparable merchandise, pursuant to section 773 of the Act. See Decision Memo at Comment 1.

Separate Rates

In our Preliminary Results, we determined that the following companies met the criteria for separate rate status in addition to the mandatory respondents Ningbo Dafa and Cixi Santai: Far Eastern Industries (Shanghai), Ltd. (aka Far Eastern Polychem Industries); Cixi Sansheng Chemical Fiber Co., Ltd.; Cixi Waysun Chemical Fiber Co., Ltd.; Hangzhou Hanbang Chemical Fibre Co., Ltd.; Hangzhou Huachuang Co., Ltd.; Hangzhou Sanxin Paper Co., Ltd.; Hangzhou Taifu Textile Fiber Co., Ltd.; Jiaxing Fuda Chemical Fibre Factory; Nantong Loulai Chemical Fiber Co., Ltd.; Nanyang Textile Co., Ltd.; Zhejiang Anshun Pettechs Fibre Co., Ltd.; Zhejiang Waysun Chemical Fiber Co., Ltd.; Hangzhou Chunsheng Chemical Fibre Co., Ltd.; and Zhejiang Waysun Chemical Fiber Co., Ltd. We have not received any information since the issuance of the Preliminary Results that provides a basis for the reconsideration of these preliminary determinations. Therefore, the Department continues to find the above-named companies meet the criteria for a separate rate.

PRC-Wide Entity

In the Preliminary Results, the Department determined that those companies which did not demonstrate eligibility for a separate rate are properly considered part of the PRC-wide entity. Since the Preliminary Results, none companies submitted comments regarding these findings. Therefore, we continue to treat such entities as part of the PRC-wide entity.

Final Partial Rescission

In the Preliminary Results, the Department preliminarily rescinded this review with respect to Hangzhou Best and Xiamen Xianglu Chemical Fiber Co. (“Xiamen Xianglu”) because the Department preliminarily determined that they had no shipments of subject merchandise to the United States during the POR. We have not received any information since the issuance of the Preliminary Results that provides a basis for reconsidering rescinding the review with respect to these two companies. Thus, in accordance with 19 CFR 351.213(d)(3), and consistent with our practice, we are rescinding this review with respect to Hangzhou Best and Xiamen Xianglu.

Assessment

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) ad valorem duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above de minimis.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each of the reviewed companies that received a separate rate in this review will be the rate listed in the final results of review (except that if the rate for a particular company is de minimis, i.e., less than 0.5 percent, no cash deposit will be required for that company); (2) for previously investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period of review; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will be the PRC-wide rate of 44.30 percent. These deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: January 10, 2011.

Christian Marsh,
Acting Deputy Assistant Secretary for Import Administration.

Comments may also be submitted by facsimile to (301) 713–0376, or by e-mail to NMFS.PriComments@noaa.gov. Please include File No. 16000 in the subject line of the e-mail comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Joselyd Garcia-Reyes or Kristy Beard, (301)713–2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 et seq.), and the regulations governing the taking and importing of marine mammals (50 CFR part 216). Section 104(c)(6) provides for photography for educational or commercial purposes involving non-endangered and non-threatened marine mammals in the wild.

Wild Horizons LTD requests a two-year photography permit to film bottlenose dolphin strand feeding events in the estuaries and creeks of Bull Creek and around Hilton Head, South Carolina. Filmmakers plan to use two filming platforms: An inflatable 21ft boat and a helicopter. Up to 2,500 dolphins annually may be approached and filmed. Filming would occur over three to four week session and would be completed by August 2012. Footage would be used to create a 7-part television series, Wild Planet: North America, for the Discovery Channel.

The premise of the series is to provide a definitive guide to the natural history of the North American Continent and have a dedicated episode to each biome.
