SUPPLEMENTARY INFORMATION: On January 12, 2011, the Postal Service filed a notice, pursuant to 39 U.S.C. 3641, announcing its intent to initiate a market test of an experimental market dominant product, Marketing Mail Made Easy (MMME). The market test will begin on or about February 27, 2011 and continue for up to 2 years.

The Postal Service explains that MMME is designed to encourage small and medium-sized businesses to utilize the mail to promote and market their businesses at an affordable cost, and with reduced barriers to entry. MMME mail must be prepared according to the simplified address option for Standard Mail saturation. Permits, permit fees, or annual accounting fees will not be required. The product will be limited to locally-entered and locally-paid mail to be delivered to every household on chosen corresponding local delivery routes, with a daily limit of 5,000 pieces entered per office. Id. at 1.

The Postal Service states that the market test price for MMME mail will be equivalent to the price for Standard Mail saturation flats weighing less than 3.3 ounces and entered at the Destination Delivery Unit. The current price is 14.2 cents per piece. Id. at 4.

The Postal Service’s Notice describes the market test in more detail. It discusses customer demand for the product, a detailed product description, pricing and potential benefits, and the section 3461 statutory criteria for market tests. A data collection plan also is proposed. Id. at 2–7.

The Commission establishes Docket No. MT2011–3 for consideration of matters raised by the Notice. Interested persons may submit comments on whether the Postal Service’s filing in the captioned docket is consistent with the policies of 39 U.S.C. 3641. Comments are due no later than February 4, 2011. Reply comments are due no later than February 15, 2011. The filing can be accessed via the Commission’s Web site (http://www.prc.gov).
