SUPPLEMENTARY INFORMATION:

Background:
On July 28, 2010, the Department of Commerce ("the Department") published a notice of initiation of the administrative review of the antidumping duty order on certain large diameter carbon and alloy seamless standard, line, and pressure pipe (over 4 ½ inches) from Japan, covering the period of review during the period of review. This entails not only reviewing company data but also information from U.S. Customs and Border Protection. As such, it is not practicable to complete this review within the originally anticipated time limit (i.e., by March 2, 2011). Therefore, the Department is extending the time limit for completion of the preliminary results by 120 days to not later than June 30, 2011, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(b)(2).

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.
