(b) Driving conditions—

(1) Adverse driving conditions. Except as provided in paragraph (b)(2) of this section, a driver who encounters adverse driving conditions, as defined in § 395.2, and cannot, because of those conditions, safely complete the run within the maximum driving time permitted by §§ 395.3(a) or 395.5(a) may drive and be permitted or required to drive a commercial motor vehicle for not more than 2 additional hours to complete that run or to reach a place offering safety for the occupants of the commercial motor vehicle and security for the commercial motor vehicle and its cargo. However, that driver may not drive or be permitted to drive—

(i) For more than 12 hours in the aggregate following 10 consecutive hours off duty for drivers of property-carrying commercial motor vehicles;

(ii) After the end of the 14th or 16th hour since coming on duty following 10 consecutive hours off duty for drivers of property-carrying commercial motor vehicles, pursuant to § 395.3(a); and

(iii) For more than 12 hours in the aggregate following 8 consecutive hours off duty for drivers of passenger-carrying commercial motor vehicles; or

(iv) After he/she has been on duty 15 hours following 8 consecutive hours off duty for drivers of passenger-carrying commercial motor vehicles.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION
Surface Transportation Board

49 CFR Part 1152

[Docket No. EP 702]

National Trails System Act and Railroad Rights-of-Way

AGENCY: Surface Transportation Board, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Surface Transportation Board (STB or Board) has instituted a proceeding to clarify, update, and seek public comments on proposed changes to its existing regulations and procedures regarding the use of railroad rights-of-way for railbanking and interim track use under the National Trails System Act (Trails Act).

DATES: Comments are due by April 12, 2011; replies are due by May 12, 2011.

ADDRESSES: Comments on this proposal may be submitted either via the Board’s e-filing format or in the traditional paper format. Any person using e-filing should attach a document and otherwise comply with the instructions at the E–FILING link on the Board’s Web site, at http://www.stb.dot.gov. Any person submitting a filing in the traditional paper format should send an original and 10 copies to: Surface Transportation Board, Attn: Docket No. EP 702, 395 E Street, SW., Washington, DC 20423–0001.

Copies of written comments will be available for viewing and self-copying at the Board’s Public Docket Room, Room
The proposed rules would also require parties to ask the Board to vacate the CITU/NITU when an interim trail use agreement covers only a portion of the right-of-way and request a replacement CITU/NITU to cover the portion of the right-of-way subject to the trail use agreement. Currently, the Board’s regulations make CITU/NITUs self-executing, and the rules contemplate that petitions to vacate or modify the CITU/NITU will be filed if rail service is to be reactivated, interim trail use ceases in whole or in part, or there is a change in trail sponsors. When an interim trail use agreement covers only a portion of the right-of-way that was proposed to be abandoned, the Board’s regulations are unclear whether the CITU/NITU that was issued for the right-of-way could nonetheless continue in effect indefinitely, precluding the abandonment of the remainder of the right-of-way for which the CITU/NITU was issued. Thus, this proposed rule would clarify that if an interim trail use agreement applies to less of the right-of-way than is covered by the CITU/NITU, the parties must petition the Board to modify or vacate the CITU/NITU.

The proposed rules would clarify that a substitute trail sponsor must acknowledge that interim trail use is subject to restoration and reactivation at any time. The Board’s rules at 49 CFR 1152.29(f)(1) currently require that, when a trail sponsor intends to terminate trail use and another person intends to become the trail sponsor, the substitute trail sponsor must acknowledge its willingness to assume financial responsibility for the right-of-way; but the rules are silent with regard to any acknowledgment that continued interim trail use remains subject to possible rail service restoration. Accordingly, the Board clarifies that the substitute trail sponsor (like §1152.29(a)(3) requires of the original trail sponsor) must affirmatively acknowledge that the continued interim trail use is subject to possible future restoration of the right-of-way and reactivation of rail service.

The Board is also proposing minor modifications to its regulations under 49 CFR 1152.29. This includes the following: clarification that, under §1152.29(e), parties do not need to file a request to extend the time for filing a notice of abandonment consummation when legal or regulatory conditions (including a CITU/NITU) remain in effect that bar consummation of abandonment until these conditions have been removed; modification of the language in §§1152.29(a)(2), (a)(3), (c)(2), and (d)(2), to more closely resemble the language of the Trails Act; modifications of the language of the Statement of Willingness to Assume Financial Responsibility in §1152.29(a)(3) to more accurately describe the responsibilities of an interim trail sponsor; removal of the reference to “NERSA abandonment proceedings” in 49 CFR 1152.29(c), because NERSA is no longer in effect; modification of the language in 49 CFR 1152.29(c)(1) and (d)(1), to clarify that the Board will issue a CITU/NITU for the portion of the right-of-way on which both parties are willing to negotiate interim trail use, rather than the portion “to be covered by the agreement,” as the portion that the agreement may ultimately cover is unknown at that time; and modification of the language in 49 CFR 1152.29(c)(2) to clarify that a trail sponsor may choose to terminate interim trail use over a portion of the right-of-way covered by the trail use agreement, while continuing interim trail use over the remaining portion of the right-of-way covered by the trail use agreement.

In addition, in light of concerns regarding the ability of some states to assume liability and legal and financial responsibility for a right-of-way during the interim trail use period, the Board seeks comments on how to resolve state sovereign immunity issues. Also, the Board seeks comments on whether there are additional means of indirect notification of CITU/NITU to reversionary landowners that can be used to augment the existing newspaper publication method.

Additional information is contained in the Board’s decision served on February 16, 2011. To obtain a copy of this decision, visit the Board’s Web site at http://www.stb.dot.gov. Copies of the decision may also be purchased by contacting the Board’s Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245–0236.

The Board certifies under 49 U.S.C. 605(b) that this proposed rule, if promulgated, will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act. The proposed notice requirement would require trail sponsors and railroads to file a notice with the Board when they have reached an interim trail use agreement. Some trail sponsors may qualify as a small entity, in that they may be a “small organization” within the meaning of 5 U.S.C. 601(4) or a “small governmental jurisdiction” within the meaning of 5 U.S.C. 601(5). Some railroads may qualify as a “small business” within the meaning of 5 U.S.C. 601(3). However, the proposed notice that would be required here should involve little time and expense to draft and file, and thus should have little economic impact on a small-entity filer. The requirement is limited to only those small entities or small businesses who might be parties to interim trail use agreements. It therefore will not impact a substantial number of small entities.

Pursuant to the Paperwork Reduction Act (PRA), 44 U.S.C. 3501–3519, and Office of Management and Budget (OMB) regulations at 5 CFR 1320.8(d)(3), the Board also seeks comments regarding: (1) Whether the particular collection of information described below is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility; (2) the accuracy of the Board’s burden estimates; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information, including the use of automated collection techniques or other forms of
information technology, when appropriate. Information pertinent to these issues is included in the 
Appendix. These proposed rules are being submitted to OMB for review as required under the PRA, 44 U.S.C. 
3507(d) and 5 CFR 1320.11. Comments on the four questions prescribed above should be submitted to the Board, in 
accordance with the comment period described below.

This action will not significantly affect either the quality of the human environment or the conservation of 
energy resources.

Jeffrey Herzig, 
Clearance Clerk.

For the reasons set forth in the 
preamble, the Surface Transportation 
Board proposes to amend part 1152 of 
title 49, chapter X. of the Code of 
Federal Regulations as follows:

PART 1152—ABANDONMENT AND 
DISCONTINUANCE OF RAIL LINES 
AND RAIL TRANSPORTATION UNDER 
49 U.S.C. 10903

1. The authority citation for part 1152 
continues to read as follows:

Authority: 11 U.S.C. 1170; 16 U.S.C. 1247(d) and 1248; 45 U.S.C. 744; and 49 
Termination Act of 1995), 721(a), 10502, 10903–10905, and 11161.

Amend § 1152.29 by revising 
paragraphs (a)(2), (a)(3), (c), (d)(1), (d)(2) introductory text, (c)(2)(i), and 
(d)(2)(i) introductory text, and 
(d)(2)(ii) by adding paragraphs 
(f)(1)(ii) and (h) to read as follows:

§ 1152.29 Prospective use of rights-of-way 
for interim trail use and rail banking.

(a) * * *

(2) A statement indicating the trail 
sponsor’s willingness to assume full 
responsibility for:

(i) Managing the right-of-way;
(ii) Any legal liability arising out of 
the transfer or use of the right-of-way 
(unless the user is immune from 
liability, in which case it need only 
indemnify the railroad against any 
potential liability); and
(iii) The payment of any and all taxes 
that may be levied or assessed against 
the right-of-way; and 

(3) An acknowledgment that interim 
trail use is subject to the sponsor’s 
continuing to meet its responsibilities 
described in paragraph (a)(2) of this 
section, and subject to possible future 
reconstruction and reactivation of the 
right-of-way for rail service. The 
statement must be in the following form:

Statement of Willingness To Assume 
Financial Responsibility

In order to establish interim trail use 
and rail banking, any or all 49 U.S.C. 
1247(d) and 49 CFR 1152.29 with 
respect to the right-of-way owned by 
____________________________ (Railroad) and operated by 
____________________________ (Railroad), 

(Interim Trail Sponsor) is willing to 
assume full responsibility for:

(1) Managing the right-of-way, (2) any legal 
liability arising out of the transfer or use of 
the right-of-way (unless the sponsor 
is immune from liability, in which case 
it need only indemnify the railroad 
against any potential liability), and (3) 
the payment of any and all taxes that 
may be levied or assessed against 
the right-of-way.

The property, known as 
____________________________
(Name of Branch Line), extends from railroad milepost 
____________________________ near 
____________________________ (Station Name), to railroad milepost 
____________________________ near 
____________________________ (Station name), a distance 
____________________________ miles in [County(ies), 
(State(s)]. The right-of-way is part of a 
line of railroad proposed for 
abandonment in Docket No. STB AB 
____________________________ (Sub-No. ___), 

A map of the property depicting the 
right-of-way is attached.

(Interim Trail Sponsor) acknowledges that use of the right-of-way 
is subject to the user’s continuing to meet its responsibilities described 
above and subject to possible future 
reconstruction and reactivation of the 
right-of-way for rail service. A copy of 
this statement is being served on the 
Board(s) on the same date it is being 
served on the Board.

(c) Regular abandonment 
proceedings. (1) If continued rail service does not 
or occur pursuant to 49 U.S.C. 
10904 and Sec. 1152.27 and a railroad 
agrees to negotiate an interim trail use/rail 
banking agreement, then the Board 
will issue a CITU to the railroad and to 
the interim trail sponsor for that portion 
of the right-of-way as to which both 
parties are willing to negotiate. The 
CITU will: Permit the railroad to 
discontinue service, cancel any 
applicable tariffs, and salvage track and 
materials, consistent with interim trail 
use and rail banking, as long as it is 
consistent with any other Board order, 
30 days after the date it is issued; and 
permit the railroad to fully abandon the 
line if no trail use agreement is reached 
180 days after it is issued, subject to 
appropriate conditions, including labor 
protection and environmental matters.

(2) The CITU will indicate that 
any interim trail use is subject to future 
restoration of rail service and to the 
sponsor’s continuing to meet its 
responsibilities described in paragraph 
(a)(2) of this section. The CITU will also 
provide that, if an interim trail use 
agreement is reached (and thus interim
trail use established), the parties shall file the notice described in paragraph (h) of this section. Additionally, the NITU will provide that if the sponsor intends to terminate interim trail use on all or any portion of the right-of-way covered by the interim trail use agreement, it must send the Board a copy of the NITU and request that it be vacated on a specific date. If a party requests that the NITU be vacated for only a portion of the right-of-way, the Board will issue an appropriate replacement NITU covering the remaining portion of the right-of-way subject to the interim trail use agreement. The Board will reopen the exemption proceeding, vacate the NITU, and issue a decision reinstating the exemption for that portion of the right-of-way. Copies of the decision will be sent to:

* * * * *

(iii) The current trail sponsor.

* * * * *

(f)(1) * * *

(iii) An acknowledgement that interim trail use is subject to possible future reconstruction and reactivation of the right-of-way for rail service.

* * * * *

(h) When the parties negotiating for railbanking/interim trail use reach an agreement, the trail sponsor and railroad shall jointly notify the Board within 10 days that the agreement has been reached. The notice shall include a map depicting, and an accurate description of, the involved right-of-way or portion thereof (including mileposts) that is subject to the parties’ interim trail use agreement and a certification that the interim trail use agreement includes provisions requiring the sponsor to fulfill the responsibilities described in paragraph (a)(2) of this section. Additionally, if the interim trail use agreement establishes interim trail use over less of the right-of-way than is covered by the CITU or NITU, the notice shall also include a request that the Board vacate the CITU or NITU and issue a replacement CITU/NITU for only the portion of the right-of-way covered by the interim trail use agreement. The Board will reopen the abandonment proceeding, vacate the CITU or NITU, issue an appropriate replacement CITU or NITU for only the portion of the right-of-way covered by the interim trail use agreement, and issue a decision permitting immediate abandonment of the portion of the right-of-way subject to the interim trail use agreement. Copies of the decision will be sent to:

* * * * *

(i) The rail carrier that sought abandonment authorization;

(ii) The owner of the right-of-way; and

(iii) The current trail sponsor.

Note: The following appendix will not appear in the Code of Federal Regulations.

Appendix

Notifications of Trail Use Agreement and Sponsor Substitution

The additional information below is included to assist those who may wish to submit comments pertinent to review under the Paperwork Reduction Act:

Description of Collection

Title: New submissions under the Board’s Trails Act regulations.

OMB Control Number: 2140–XXXX.

STB Form Number: None.

Type of Review: New collection.

Respondents: Parties to an interim trail use agreement; substitute trail sponsors.

Number of Respondents: 40 (potentially).

Estimated Time per Response: 1 hour or less.

Frequency: On occasion.

Total Burden Hours (annually including all potential respondents): 40 hours.

Total “Non-hour Burden” Cost: None identified.

Needs and Uses: The new rule proposes to require parties to notify the Board when a trail use agreement has been reached, and to notify the Board of the exact location of the right-of-way subject to the agreement, including a map and milepost marker information. This submission will ensure that the agency and the public have accurate information on the status of property after interim trail use conditions have been issued. As is already required for an original trail sponsor, the proposed rule would also clarify that a substitute trail sponsor must acknowledge that interim trail use is subject to restoration and reactivation at any time.

Retention Period: These records are retained indefinitely.
