Participant that an alert has been triggered, but the Participant will be required to sign into the Dashboard in order to receive the alert message. While this alert message will provide Participants with greater efficiency in how they view settlement events, Participants will continue to have the responsibility to independently check the settlement functions to verify all of their settlement related events.

Additionally, DTC is making unrelated technical updates to its Settlement Service Guide to conform to certain rule changes that have previously been filed with the Commission. These changes will necessitate revisions to the existing DTC Settlement Guide and those revisions are attached to DTC’s proposed rule filing as Exhibit 5.

DTC states that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to DTC because it will promote efficiencies in the way that Participants view settlement related transactions and as such will promote the safeguarding of securities and funds in DTC’s custody or control or for which it is responsible.

B. Self-Regulatory Organization’s Statement on Burden on Competition

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

DTC has not solicited or received written comments relating to the proposed rule change. DTC will notify the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Adoption

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b–4(f)(4) of the Act because the proposed rule change effects a change in an existing service of DTC that (i) does not adversely affect the safeguarding of securities or funds in DTC’s custody or control or for which it is responsible and (ii) does not significantly affect the respective rights of DTC or persons using the service. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Approving a Proposed Rule Change To Adopt FINRA Rule 1113 (Restriction Pertaining to New Member Applications) and To Amend the FINRA Rule 9520 Series (Eligibility Proceedings)

February 18, 2011.

I. Introduction

On November 1, 2010, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act” or “Act”), and Rule 19b–4 thereunder, a proposed rule change to adopt new FINRA Rule 1113 (Restriction Pertaining to New Member Applications) and to amend the FINRA Rule 9520 Series (Eligibility Proceedings) to restrict new member applicants’ and certain members’ association with disqualified persons. The proposed rule change was published for comment in the Federal Register on November 22, 2010. The Commission received three comment letters on the proposed rule change.

6 In 2010, DTC implemented a new function that allows DTC Participants to set a profile in PBS so that they can request that excess funds be wired to their settling bank account at approximately 3:20 p.m. Eastern. Time. Securities Exchange Act Release No. 61922 (Apr. 15, 2010), 75 FR 21072 (Apr. 22, 2010). Also in 2010, DTC updated its processing schedule in order to extend the end-of-day cutoff time for processing pledges and releases to and from the New York Federal Reserve Bank from 3 p.m. to 5 p.m. Securities Exchange Act Release No. 63415 (Dec. 2, 2010), 75 FR 76506 (Dec. 8, 2010).
7 Supra note 2.
8 Supra note 3.
FINRA responded to these comments in a letter dated February 4, 2011. This order approves the proposed rule change.  

II. Description of Proposal

Article III, Section 3(b) of the FINRA By-Laws provides that no person shall be associated with a member, continue to be associated with a member, or transfer association to another member if such person is or becomes subject to a disqualification; and, that no person shall be admitted to membership, and no member shall be continued in membership, if any person associated with it is subject to a disqualification. Pursuant to Article III, Section 4 of the FINRA By-Laws, a person is subject to a “disqualification” with respect to membership, or association with a member, if such person is subject to any “statutory disqualification” as such term is defined in Exchange Act Section 3(a)(39).  

The FINRA Rule 9520 Series sets forth procedures for a person to become or remain associated with a member, notwithstanding the existence of a statutory disqualification, and for a current member or person associated with a member to obtain relief from the eligibility or qualification requirements of the FINRA By-Laws and rules. The FINRA Rule 9520 Series also contemplates that a new member applicant may sponsor a proposed associated person or itself for relief from the eligibility or qualification requirements. A member (or new member applicant) seeking to associate with a person subject to a disqualification must seek approval from FINRA by filing a Form MC–400 application, pursuant to the FINRA Rule 9520 Series. Members (and new member applicants) that are themselves subject to a disqualification that wish to obtain relief from the eligibility requirements are required to submit a Form MC–400A application.

FINRA proposed to adopt new FINRA Rule 1113 (Restriction Pertaining to New Member Applications) and to amend the FINRA Rule 9520 Series (Eligibility Proceedings) to further restrict new member applicants’ and certain members’ association with disqualified persons.

New FINRA Rule 1113 would direct FINRA’s Department of Member Regulation (“Department”) to reject an application for FINRA membership in which either the applicant or an associated person of the applicant, as defined in Article I of the FINRA By-Laws, is subject to a statutory disqualification, as defined in Article III, Section 4 of the FINRA By-Laws. The proposed amendments to the FINRA Rule 9520 Series would also provide that any new member application that the Department approves due to a Department or applicant error (including, but not limited to, an inadvertent or intentional misstatement or omission by the applicant or associated person) shall be subject to membership cancellation in accordance with FINRA Rule 9555 (Failure to Meet the Eligibility or Qualification Standards or Prerequisites for Access to Services).

The proposed amendments to the FINRA Rule 9520 Series, which sets forth the eligibility proceedings for membership, would have the following effects: First, they would amend the FINRA Rule 9520 Series definition of “sponsoring member” to eliminate the reference to new member applicants. FINRA believes that because new member applicants do not have any prior operating or supervisory history, there is nothing to indicate the necessary experience to supervise disqualified persons. FINRA believes that the proposed amendment would alleviate its concerns about the ability of new member applicants to supervise adequately a disqualified person. Furthermore, FINRA believes this amendment would conform to the proposed new membership application rule (FINRA Rule 1113), discussed above, by precluding new member applicants from being able to sponsor disqualified persons.

Second, the proposed rule change would amend the definition of “disqualified member” in the FINRA Rule 9520 Series to clarify that a new member applicant is not eligible to submit an application for relief under the FINRA Rule 9520 Series if the new member applicant itself is subject to a disqualification. FINRA believes a new member applicant should enter FINRA membership free of the supervisory and operating concerns raised by association with a statutorily disqualified person or being itself subject to a statutory disqualification and believes this proposed rule change is consistent with that belief.

Third, the proposed rule change would further amend the definition of “sponsoring member” to preclude any member from sponsoring the association or continued association of a disqualified person, who is directly or indirectly a beneficial owner of more than five percent of the sponsoring member, to be admitted, readmitted, or permitted to continue in association. FINRA believes that a member cannot effectively supervise a disqualified person in light of the inherent conflict of interest resulting from the disqualified person’s ownership interest in the member. FINRA believes the proposed amendment to the definition of “sponsoring member” would address this issue.

III. Discussion of Comment Letters

One comment, Manuel P. Asensio-Garcia, a principal of Asensio & Company, Inc. (“ACO”), submitted a letter opposing the proposed rule change on several grounds. First, the Asensio Letter asserts that the proposed change in the definition of “sponsoring member” would make it more likely that a potential member would be preventively disqualified. FINRA believes that this potential effect is offset by the other proposed changes, which would remove the supervisory concerns associated with sponsoring a new member applicant.

Second, the Asensio Letter argues that the proposed amendments would create a new burden on firms by placing new restrictions on new member applicants. FINRA is concerned that this new rule would not provide any relief to firms that are already operating with substantial supervisory and compliance concerns. FINRA believes that the proposed amendments would help alleviate these concerns by ensuring that new member applicants are subject to the same scrutiny as current members.

Third, the Asensio Letter contends that the proposed amendments would create a new burden on firms by placing new restrictions on new member applicants. FINRA believes that the proposed amendments would help alleviate these concerns by ensuring that new member applicants are subject to the same scrutiny as current members.

As previously noted, Article III, Section 4 of the FINRA By-Laws incorporates the definition of “statutory disqualification” as such term is defined in Exchange Act Section 3(a)(39).
The proposed rule change was an improper attempt to adversely impact a New Member Application Form (“NMA”) filed by ACO and concurrent MC–400 application filed by ACO on Mr. Asensio’s behalf. In the FINRA Response, FINRA contests this assertion. Specifically, the FINRA Response states that the proposed rule change is a separate policy-driven proceeding based on its belief that a new member applicant should enter FINRA membership free of the supervisory and operating concerns raised by association with a statutorily disqualified person or being itself subject to a statutory disqualification. The FINRA Response further notes that the proposed rule change would apply only to NMAs and applications for relief from a statutory disqualification filed on or after the effective date of the proposed rule change and, consequently, would not impact any applications pending before such effective date.

The Asensio Letter also states that the proposed rule change was unnecessary because FINRA already has authority under its current rules to deny an NMA based on the existence of a statutory disqualification. The FINRA Response contests this assertion by citing the public policy interests underlying the proposed rule change’s objective—to promote initiation of FINRA membership free of statutory disqualification concerns. Moreover, FINRA believes the proposed rule would allow FINRA to conserve regulatory resources that would otherwise be devoted to considering an NMA or MC–400 application that the proposed rule change would preclude at the outset.

The Asensio Letter also states that the proposal would effectively forestall use of the eligibility proceedings by a disqualified person seeking relief from FINRA sanctions. Specifically, the Asensio Letter states that the eligibility proceedings represent the only avenue for seeking relief outside of an appeal and to effectively use the eligibility proceedings for this purpose, a disqualified person must be able to create a new member applicant to be his sponsor; otherwise, a disqualified person cannot present his arguments for relief free from possible restrictions that could be imposed by a member sponsor. The FINRA Response states that the eligibility proceedings are not the appropriate forum for reviewing sanctions imposed in a formal disciplinary action brought by FINRA; rather, the correct process for an individual to challenge any FINRA-imposed sanctions is set forth in the FINRA Rule 9300 Series (Review of Disciplinary Proceeding By National Adjudicatory Council and FINRA Board; Application for SEC Review). Accordingly, FINRA believes this objection lacks merit. The second commenter, ASG Securities, did not oppose the proposed rule change but requested that FINRA amend the proposed rule (1) extend from ten business days to twenty business days the period in FINRA Rule 9522(a)(3) (Notice Regarding an Associated Person) during which a member may file a Form MC–400A application for itself and an associated person upon receiving a disqualification notice from FINRA staff; and (2) prohibit a disqualified person or entity from financing a member or providing or lending funds to an associated person for re-investment into a member. The FINRA Response states that the commenter’s suggestions are outside the scope of the rule proposal; as such, it does not intend to expand the proposal to address these additional issues at this time. However, it will consider whether to propose additional changes at a later date.

IV. Discussion and Commission Findings

The Commission has carefully reviewed the proposed rule change, the comments received, and FINRA’s response to the comments, and finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association. In particular, the Commission finds that the proposed rule change is consistent with Section 15A(b)(6) of the Act, which, among other things, requires that FINRA rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. In particular, the Commission agrees that a new member applicant should enter FINRA membership free of the supervisory and operating concerns raised by association with a statutorily disqualified person or being itself subject to a statutory disqualification.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR–FINRA–2010–056), be, and hereby is, approved.

Deputy Secretary.
