**Determinations Terminating Investigations of Petitions for Worker Adjustment Assistance**

After notice of the petitions was published in the Federal Register and on the Department’s Web site, as required by Section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions. The following determinations terminating investigations were issued because the petitioner has requested that the petition be withdrawn.

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since the petitioning group of workers cannot be covered by more than one certification at a time.

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice of Solicitation for Grant Applications (SGA).

**Funding Opportunity Number:** SGA–DFA–PY–10–05.

**SUMMARY:** The U. S. Department of Labor (DOL), Employment and Training Administration (ETA), Office of Workforce Investment, Division of Adult Services, announces a grant competition for operating the National Farmworker Jobs Program (NFJP), under section 167 of the Workforce Investment Act (WIA), 29 U.S.C. 2912. WIA generally requires DOL to conduct a general grants competition every two years to select NFJP grantees. Under section 167(a) of WIA, the Secretary must award grants on a competitive basis to eligible entities for the purposes of carrying out the activities authorized under section 167. We are conducting this competition before the passage of the Department of Labor’s Fiscal Year (FY) 2011 appropriation in anticipation of the appropriation of funds for Program Year (PY) 2011 NFJP grants, but we will not obligate any funds for PY 2011 grants unless and until they are appropriated. The FY 2011 appropriations request for this program is $78,410,000, to be allocated among state service delivery areas for operation of NFJP. All interested applicants should read this notice in its entirety.

The complete SGA and any subsequent SGA amendments are described in further detail on ETA’s Web site at http://www.doleta.gov/info/ or on http://www.grants.gov. Notice of Funding Opportunity and Solicitation for Grant Applications (SGA) for National Farmworker Jobs Training Program (NFJP) Housing Assistance

AGENCY: Employment and Training Administration.

ACTION: Notice of Solicitation for Grant Applications (SGA).

SUMMARY: The U.S. Department of Labor (the Department or DOL), Employment and Training Administration (ETA), Office of Workforce Investment (OWI), Division of Adult Services (DAS), announces a grant competition for operating the Housing Assistance portion of the National Farmworker Jobs Program (NFJP), under section 167 of the Workforce Investment Act of 1998 (WIA), 29 U.S.C. 2912. Section 167(a) of WIA requires the Secretary to conduct a grants competition every two years for the purpose of carrying out the activities authorized under section 167. Although housing assistance is identified in WIA as one of the allowable activities under NFJP, Congressional appropriations language directs the Department to make available a specific amount of the funds appropriated for the NFJP for migrant and seasonal farmworkers housing assistance grants, and requires that no less than 70 percent of the specified amount must be used for permanent housing activities.

We are conducting this competition before the passage of the Department of Labor’s Fiscal Year (FY) 2011 appropriation in anticipation of the appropriation of funds for Program Year (PY) 2011 NFJP housing assistance grants. The Department will not obligate any funds for PY 2011 grants unless and until they are appropriated. The FY 2011 appropriation request for this program is $5,700,000.

The complete SGA and any subsequent SGA amendments are described in further detail on ETA’s Web site at http://www.doleta.gov/grants or on http://www.grants.gov. The Web sites provide application information, eligibility requirements, review and selection procedures and other program requirements governing this solicitation.

DATES: The closing date for receipt of applications is May 2, 2011.

Notice of Determination Regarding Application for Reconsideration

On October 7, 2010, the Department of Labor issued an Affirmative Determination Regarding Application for Reconsideration for workers and former workers of Jeld-Wen Millwork Distribution, Wilkesboro, North Carolina (subject firm). The Department’s Notice was published in the Federal Register on October 25, 2010 (75 FR 65513).

Pursuant to 29 CFR 90.18(c), reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

The petition, filed by a company official, stated that the workers distribute “wood exterior door frames” and that “door frames are being imported from China and South America at a price we can’t compete with at this location.”

The initial negative determination was based on the findings that there was no increase in imports of like or directly competitive articles by either the subject firm or its customers, and no shift to/ acquisition from a foreign country by the workers’ firm in production of like or directly competitive articles. The investigation also revealed that the subject firm did not produce a component part that was used by a firm that employed workers eligible to apply for Trade Adjustment Assistance (TAA) and used the component parts in the production of the article that was the basis for the TAA certification.

The workers, in the request for reconsideration, state that the subject firm’s competitors and customer have increased imports of like or directly competitive articles from China. The workers also allege that the articles produced at the subject firm include door component parts (“door jambs, door T–AST, door mull posts”) and window component parts (“replacement window grills”).

Information obtained during the reconsideration investigation confirmed that the only articles produced by the subject firm during the relevant period are wood exterior door frames; that, during the relevant period, the subject firm did not increase reliance on imports of wood exterior door frames; and that the subject firm supplies articles exclusively to internal customers.

Moreover, information obtained during the reconsideration investigation confirmed that the subject firm did not perform a service (such as distribution) that was used by a firm that both employed a worker group eligible to apply for TAA and directly used the services supplied in the production of an article or supply of a service that was the basis for the TAA certification.

Aggregate data reviewed during the reconsideration investigation revealed that U.S. imports of articles like or directly competitive with wood exterior door frames did not increase during the relevant period.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Jeld-Wen Millwork Distribution, Wilkesboro, North Carolina.
