Certain Carbon Steel Butt-Weld Pipe Fittings From Brazil, Japan, Taiwan, Thailand, and the People’s Republic of China: Continuation of Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 1, 2010, the Department of Commerce (the Department) initiated the third sunset reviews of the antidumping duty orders on carbon steel butt-weld pipe fittings from Brazil, Japan, Taiwan, Thailand, and the People’s Republic of China (PRC), pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See Implementation of Five-Year (“Sunset”) Review, 75 FR 60731 (October 1, 2010) (Notice of Initiation). As a result of the determinations by the Department and the International Trade Commission (ITC) that revocation of the antidumping duty orders on carbon steel butt-weld pipe fittings from Brazil, Japan, Taiwan, Thailand, and the PRC would likely lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail should the orders be revoked. See Certain Carbon Steel Butt-Weld Pipe Fittings From Brazil, Japan, Taiwan, Thailand, and the People’s Republic of China: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders, 76 FR 7151 (February 9, 2011).

On April 8, 2011, the ITC published its determination in the Federal Register, pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on carbon steel butt-weld pipe fittings from Brazil, Japan, Taiwan, Thailand, and the PRC would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.
