These activities may include but are not limited to: Wildlife watching (for example, whales or dolphins) from a boat or from shore; kayaking or canoeing in fish habitat areas such as estuaries and sloughs; and snorkeling or scuba diving on fish aggregating devices such as ship wrecks. The survey will help enhance NMFS' understanding of the economic implications of its public trust responsibilities as they relate to non-fishing recreational activities. The data collected may also provide information useful for the purposes of marine spatial planning. Measures of economic performance that may be supported by this data collection include the following: (1) Contribution to net national benefit; and (2) contribution to regional economic impacts (income and employment).

Stainless Steel Plate in Coils from Belgium: Final Results of Full Sunset Review and Revocation of the Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 2, 2010, the Department of Commerce ("the Department") initiated the second sunset review of the countervailing duty ("CVD") order on certain stainless steel plate in coils from Belgium ("SSPC" or "subject merchandise") pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties and adequate substantive responses from ArcelorMittal Stainless Belgium N.V. ("AMS") and the Government of Belgium ("GOB"), the Department determined to conduct a full sunset review of the CVD order pursuant to section 751(c) of the Act and 19 CFR 351.218(e)(2). As a result of our analysis, the Department finds that revocation of the CVD order would not likely lead to continuation or recurrence of a countervailable subsidy. Therefore, the Department is revoking this CVD order.

DATES: *Effective Date:* May 5, 2011.
