then clicking “Search”. This material is also available for inspection or copying the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Mr. Waverly W. Gregory, Jr., Bridge Administrator, Fifth Coast Guard District; telephone (757) 398–6222, e-mail Waverly.W.Gregory@uscg.mil. If you have questions on reviewing the docket, call Renee V. Wright, Program Manager, Docket Operations, (202) 366–9026.

SUPPLEMENTARY INFORMATION: The City of Chesapeake, who owns and operates this swing-type bridge, has requested a temporary deviation from the current operating regulations set out in 33 CFR 117.997(i), to facilitate urgent mechanical and structural repairs to the swing span mechanism.

The deviation will not affect the current scheduled openings for weekdays, as laid out in 33 CFR 117.997(i). The deviation will only affect the scheduled openings on the following weekend dates: Saturday May 14, 2011; Sunday May 15, 2011; Saturday June 4, 2011; and Sunday June 5, 2011.

Under this temporary deviation, on the four specific dates listed above, the drawbridge will operate on a 4-hour opening schedule. This schedule is meant to facilitate urgent mechanical and structural repairs. Accordingly, on Saturday May 14, 2011, the drawbridge will open on signal at: 8 a.m., 12 p.m., 4 p.m., and 8 p.m. On Sunday May 15, 2011, the drawbridge will open on signal at: midnight, 4 a.m., 8 a.m., 12 p.m., 4 p.m., and 8 p.m. On Saturday June 4, 2011, the drawbridge will open on signal at: 8 a.m., 12 p.m., 4 p.m., and 8 p.m. And, on Sunday June 5, 2011, the drawbridge will open on signal at: midnight, 4 a.m., 8 a.m., 12 p.m., 4 p.m., and 8 p.m.

If all of the mechanical and structural work is completed on May 14–15, 2011, then the deviation will not be enforced for June 4–5, 2011. A notice will be released for mariners should the deviation be cancelled for June 4–5, 2011.

Other than the four specific dates listed in this section, the drawbridge will operate in accordance with the operating regulations set out in 33 CFR 117.997(i).

The SR170 Centerville Turnpike Bridge has a vertical clearance in the closed position to vessels of four feet above mean high water. Vessels may not transit under the bridge while it is in the closed position.

The Atlantic Intracoastal Waterway caters to a variety of vessels from tug and barge traffic to recreational vessels traveling from Florida to Maine. The Coast Guard has carefully coordinated the restrictions with commercial and recreational waterway users.

Additionally, the Coast Guard will inform unexpected users of the waterway through our local and broadcast Notices to Mariners of the limited operating schedules for the bridge so that vessels can arrange their transits to minimize any impacts caused by the temporary deviation. The Atlantic Ocean is the alternate route for vessels and the bridge will be able to open in the event of an emergency.

In accordance with 33 CFR 117.35(e), the draw must return to its original operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: April 28, 2011.
Waverly W. Gregory, Jr., Chief, Bridge Administration Branch, Fifth Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY
Coast Guard
33 CFR Part 165
[Docket No. USCG–2011–0164]
RIN 1625–AA00
Safety Zone: Coughlin Wedding Fireworks, Lake St. Clair, Harrison Township, MI
AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.
SUMMARY: The Coast Guard is establishing a temporary safety zone on Lake St. Clair, Harrison Township, MI. This safety zone is intended to restrict vessels from a portion of Lake St. Clair during the Coughlin Wedding Fireworks.
DATES: This rule is effective from 10 p.m. through 10:20 p.m. on July 2, 2011.
ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2011–0164 and are available online by going to http://www.regulations.gov, inserting USCG–2011–0164 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail LT Katie Stanko, Prevention Department, Sector Detroit, Coast Guard; telephone (313) 568–9508, e-mail Katie.R.Stanko@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because waiting for a notice and comment period to run would be impracticable and contrary to the public interest because it would inhibit the Coast Guard’s ability to protect the public from the hazards associated with maritime fireworks displays.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable and contrary to the public interest because it would inhibit the Coast Guard from ensuring the safety of vessels and the public during the fireworks display.

Background and Purpose

On July 2, 2011, a private party is holding a land based wedding that will include fireworks launched from a point on Lake St. Clair. This temporary safety zone is necessary to ensure the safety of vessels and spectators from hazards associated with that fireworks display. Such hazards include obstructions to the waterway that may cause marine casualties, explosive danger of fireworks, debris falling into the water
that may cause death, serious bodily harm or property damage. Establishing a safety zone to control vessel movement around the location of the launch platform will help ensure the safety of persons and property in the vicinity of this event and help minimize the associated risks.

Discussion of Rule

A temporary safety zone is necessary to ensure the safety of spectators and vessels during the setup, loading, and launching of the Coughlin Wedding Fireworks Display. The fireworks display will occur between 10 p.m. and 10:20 p.m., July 2, 2011.

The safety zone will encompass all waters on Lake St. Clair within a 300 foot radius of the fireworks barge launch site located off the shore of Harrison Township, MI at position 42°34′52″ N, 082°47′12″ W from 10 p.m. until 10:20 p.m. on July 2, 2011. All geographic coordinates are North American Datum of 1983 (NAD 83).

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port Detroit or his designated on-scene representative. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We conclude that this rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues. The safety zone around the launch platform will be relatively small and exist for only a minimal time. Thus, restrictions on vessel movement within any particular area of Lake St. Clair are expected to be minimal. Under certain conditions, moreover, vessels may still transit through the safety zone when permitted by the Captain of the Port.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners and operators of vessels intending to transit or anchor in this portion of Lake St. Clair between 10 p.m. through 10:20 p.m. on July 2, 2011.

This safety zone will not have a significant economic impact on a substantial number of small entities because vessels can easily transit around the zone. The Coast Guard will give notice to the public via a Broadcast Notice to Mariners that the regulation is in effect.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and
responsibilities between the Federal Government and Indian Tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M1647.3.JD, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction because it involves the establishment of a temporary safety zone. An environmental analysis checklist and a categorical exclusion determination will be available in the docket where indicated under ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.0114 Safety zone; Coughlin Wedding Fireworks, Lake St. Clair, Harrison Township, MI.

(a) Location. The safety zone will encompass all U. S. navigable waters on Lake St. Clair within a 300-foot radius of the fireworks barge launch site located off the shore of Harrison Township, MI at position 42°34′52″ N, 82°47′12″ W. All geographic coordinates are North American Datum of 1983 (NAD 83).

(b) Effective and enforcement period. This rule is effective and will be enforced from 10 p.m. through 10:20 p.m. on July 2, 2011.

(c) Regulations. (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Detroit, or his designated on-scene representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port Detroit or his designated on-scene representative.

(3) The “on-scene representative” of the Captain of the Port is any Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port to act on his behalf. The on-scene representative of the Captain of the Port will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port or his designated on scene representative may be contacted via VHF Channel 16.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port Detroit or his on-scene representative to obtain permission to do so.

(5) Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port or his on-scene representative.

Dated: April 26, 2011.

E. J. Marohn,
Commander, U.S. Coast Guard, Acting Captain of the Port Detroit.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG–2011–0216]

RIN 1625–AA00

Safety Zone: Catawba Island Club Fireworks, Catawba Island Club, Port Clinton, OH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the Captain of the Port Detroit Zone on Lake Erie, Port Clinton, Ohio. This zone is intended to restrict vessels from portions of Lake Erie for the Catawba Island Club Memorial Day Fireworks. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks display.

DATES: This rule is effective from 9:15 p.m. through 9:45 p.m. on May 29, 2011.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2011–0216 and are available online by going to http://www.regulations.gov, inserting USCG–2011–0216 in the “keyword” box, and then clicking “search”. They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail BM1 Tracy Girard, Response Department, Marine Safety Unit Toledo, Coast Guard; telephone (419) 418–6036, e-mail tracy.m.girard@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:
