John T. Myers Lock and Dam has a surface area of 19,350 acres and a storage capacity of 543,862 acre-foot. Because the purpose of the storage is navigational only, the storage would not be used for power generation.

The proposed Uniontown Project (at the John T. Myers Lock and Dam) would consist of: (1) A 340-foot-long by 75-foot-wide powerhouse and inlet containing four Kaplan turbine-generators, with an installed capacity of 24.0 MW each for a total plant capacity of 96.0 MW: (2) a 520-foot-wide by 38-foot-high trash rack, with 8-inch openings; (3) a 300-foot-wide by 57-foot-high concrete draft tube outlet; (4) a 14.47-mile-long, 138-kV transmission line; and (5) appurtenant facilities.

The existing Newburgh Lock and Dam is a 2,275.5-foot-long by 122-foot-high dam containing nine Tainter gates and a concrete fixed weir. Each gate is 110-foot-wide by 32-foot-high. The main and auxiliary locks are on the Indiana side of the river. The main lock is 110-foot-wide by 1,200-foot-long and the auxiliary lock is 110-foot-wide by 600-foot-long. The impoundment above the

For assistance, contact FERC Online Support.

m. Procedural Schedule: The application will be processed according to the following preliminary Hydropower Licensing Schedule. Revisions to the schedule may be made as appropriate.

[Docket No. EL07–86–016; Docket No. EL07–88–016; Docket No. EL07–92–016]

Notice of Filing

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at http://www.ferc.gov, using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an “eSubscription” link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed
