SUPPLEMENTARY INFORMATION: The lessees have agreed to the amended lease terms for rental and royalties at rates of \$5 per acre or fraction thereof per year and 16 $\frac{2}{3}$ percent, respectively. The lessees have paid the required \$500 administrative fee and have reimbursed the Department for the cost of this **Federal Register** notice. The lessees have met all of the requirements for reinstatement of the lease as set out in Section 31(d) and (e) of the Mineral Leasing Act of 1920 (30 U.S.C. 188), and the BLM is proposing to reinstate the lease effective June 1, 2010 under the original terms and conditions of the lease and the increased rental and royalty rates cited above. The BLM has not issued a lease affecting the lands encumbered by this lease to any other interest in the interim.

Authority: 43 CFR 3108.2–3(a).

Notice of Realty Action: Recreation and Public Purposes Lease Partial Change of Use of Public Lands in Clark County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: Recreation and Public Purposes (R&PP) Act request to change the use of a portion of a previously approved lease in the City of North Las Vegas, Clark County, Nevada. The city proposes to change the use of 10 acres from a public park and police substation to a safety village.

DATES: Interested parties may submit written comments regarding the proposed change of use of the lands until July 1, 2011.

ADDRESSES: Send written comments to the BLM Field Manager, Las Vegas Field Office, 4701 N. Torrey Pines Drive, Las Vegas, Nevada 89130, or *e-mail:* ddickey@blm.gov.

FOR FURTHER INFORMATION CONTACT: Dorothy Jean Dickey, (702) 515–5119, or ddickey@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the

above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: A notice was previously published in the **Federal Register** on October 16, 2007, (72 FR 58682) segregating approximately 41.48 acres of public land for a park site and police substation under the R&PP Act. The lease was issued to the city on April 8, 2008. The city wants to change the use of the northwest 10 acres of the site to a safety, training and rescue skills area called Northern Safety Training and Rescue Skills (STARS) Village. The remaining 31.48 acres of land is still being used as a park and police substation. The parcel of land is legally described as:

Mount Diablo Meridian, Nevada

T. 19 S., R. 61 E., sec. 24, Lot 12 (within).

The change of use area described contains 10 acres, more or less. This description will be refined upon final approval of the official plat of survey.

The city filed an R&PP application to change the use and to develop the above described land as a Northern STARS Village with related facilities. Related facilities include: Amphitheater, picnic area, educational fire fighters park, education classrooms, education auditorium, administration building, garage, swimming pool and parking area. The mission of the Northern STARS Village is to provide state-of-the-art, hands-on, and life-safety programs such as bicycle safety, emergency services, fire safety and prevention, injury prevention for seniors, internet safety, motor vehicle safety, pedestrian safety, rules of the road, and water safety. Additional detailed information pertaining to this application, plan of development, and site plan is in case file N-80113, which is located in the BLM Las Vegas Field Office at the above address.

The city is a political subdivision of the State of Nevada and is therefore a qualified applicant under the R&PP Act.

The change of use of the public land shall be subject to valid existing rights as previously published. Subject to limitations prescribed by law and regulation, prior to patent issuance, a holder of any right-of-way within the lease area may be given the opportunity to amend the right-of-way for conversion to a new term, including perpetuity, if applicable.

Interested parties may submit written comments regarding the specific use proposed in the application and plan of development or any other factor not directly related to the suitability of the land for a Northern STARS Village. Any adverse comments will be reviewed by

the BLM Nevada State Director, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, this realty action will become the final determination of the Department of the Interior and will become effective on July 18, 2011. The lands will not be available as a Northern STARS Village until after the decision becomes effective.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Only written comments submitted to the Field Manager, BLM Las Vegas Field Office, or by e-mail at the addresses above will be considered properly filed. Any adverse comments will be reviewed by the BLM Nevada State Director.

Authority: 43 CFR part 2741.

Beth Ransel,

Acting Assistant Field Manager, Division of Lands.

Cesar Chavez Special Resource Study—Alameda, Fresno, Imperial, Kern, Los Angeles, Monterey, Riverside, San Benito, San Diego, San Francisco, San Joaquin, Santa Barbara, Santa Clara, Stanislaus, Tulare and Ventura Counties, CA, and Maricopa and Yuma Counties, AZ

AGENCY: National Park Service.

ACTION: Notice of Scoping for Cesar Chavez Special Resource Study.

SUMMARY: In accordance with provisions of the National Environmental Policy Act of 1969 (Pub L. 91-190) and Council on Environmental Quality's implementing regulations (40 CFR 1502.9(c)), the National Park Service (NPS) has initiated the public scoping phase for a conservation planning and environmental impact analysis process needed to identify and assess potential impacts of alternatives for resource protection and other considerations concerning sites associated with Cesar

Chavez and the farm labor movement throughout California and Arizona, including but not necessarily limited to Alameda, Fresno, Imperial, Kern, Los Angeles, Monterey, Riverside, San Benito, San Diego, San Francisco, San Joaquin, Santa Barbara, Santa Clara, Stanislaus, Tulare and Ventura Counties of California, and Yuma and Maricopa Counties of Arizona. The purpose of the scoping phase is to elicit early public comment regarding issues and concerns, preliminary alternatives, and the nature and extent of potential environmental impacts (and as appropriate, mitigation measures) which should be addressed.

Background: As authorized by the Consolidated Natural Resources Act of 2008 (Pub. L. 110-229-May 2008), the NPS is conducting a special resource study of the sites in the State of Arizona, the State of California, and other states that are significant to the life of Cesar Chavez and the farm labor movement in the western United States. The authorizing statute directs the NPS to consult with the Cesar Chavez Foundation, the United Farm Workers Union, state and local historical associations and societies, and state historic preservation offices.

In conducting the Cesar Chavez Special Resource Study, the NPS will evaluate the significance of the sites' resources and assess the sites' suitability and feasibility to be a unit of the national park system. *Factors which the NPS will evaluate include:* Whether the sites possess nationally significant cultural resources; whether the sites include types or quality of resources not already adequately represented in the National Park System; whether long-term protection and public use of sites are feasible; and whether sites can be adequately protected and administered at a reasonable cost. Recommendations may vary for different sites.

The NPS will also consider: alternative strategies for the management, protection and use of significant resources, including management by other public agencies or the private sector; technical or financial assistance available from established programs or special initiatives and partnerships; alternative designations to a national park unit; and cooperative management by NPS and other entities.

Public Involvement: The NPS will develop a range of management alternatives, and conduct an environmental review of the alternatives and their potential impacts as part of the Cesar Chavez Special Resource Study. At this time, it has not been determined whether an Environmental Assessment or an Environmental Impact Statement will be prepared, however, this scoping
