Administration for Children and Families

Submission for OMB Review; Comment Request

Title: The Evaluation of Early Learning Mentor Coaches Grants.

OMB No.: New Collection.

Description: The Administration for Children and Families is requesting comments on a submission for OMB review for a proposed information collection as part of an implementation evaluation of the Early Learning Mentor Coaches Grants. The evaluation will collect information necessary for understanding the approaches being used by the 131 Head Start and Early Head Start grantees who were awarded funds under the American Recovery and Reinvestment Act of 2009—Early Learning Mentor Coach funding announcement (Funding Opportunity Number HHS–201–ACF–OHSST–0120). The overall objective of the evaluation of the Early Learning Mentor Coaches (ELMC) Grants is to identify the critical aspects of the ELMC grant initiative by (1) Describing the implementation of the ELMC grants in HS and EHS programs; (2) examining the implementation quality of ELMC efforts; and (3) examining factors that might be related to successful mentor-coaching. To meet these objectives the evaluation will capture information to describe the goals for the mentor-coaching initiative, the key features of the mentor-coaching approaches, how grantees structured their initiatives, the integration of mentor-coaching into ongoing program operations, and plans for sustainability.
