**SUPPLEMENTARY INFORMATION:**

A. Background

Currently, as provided in 41 CFR 102–34.35, a motor vehicle rental is limited to less than 60 continuous days. If an agency obtains a motor vehicle for 60 continuous days or more, then it is a commercial lease under current regulations. Agencies, however, often have a valid temporary mission requirement for a motor vehicle of 60 continuous days or more in duration but of significantly fewer days in duration than is typically available under commercial leases, which commonly require a minimum lease period of one year. Also, some agencies have requirements from time to time for additional vehicles for relatively short periods of time. As a result, agencies are turning to short-term rentals to meet these motor vehicle needs but have encountered impediments when those needs exceed 60 continuous days but are less than a year (for which commercial leases are commonly available). In order to address these issues, GSA is proposing to amend section 102–34.35 of the FMR (41 CFR 102–34.35) to redefine the term “motor vehicle rental” to increase the less than 60 continuous day rental timeframe to less than 120 continuous days and adjust the definition of the term “commercial lease or lease commercially” accordingly. GSA is cognizant of the impact of such a proposed policy change on motor vehicle identification in that the identification requirements attach to Government motor vehicles only, a term that does not encompass motor vehicle rentals.

This proposed regulatory amendment would provide greater flexibility to Federal agencies in meeting their motor vehicle needs.

**B. Executive Order 12866 and Executive Order 13563**

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

**C. Regulatory Flexibility Act**

This proposed rule would not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq. This proposed rule is also exempt from the Regulatory Flexibility Act per 5 U.S.C. 553(a)(2) because it applies to agency management. However, this proposed rule is being published to provide transparency in the promulgation of Federal policies.

**D. Paperwork Reduction Act**

The Paperwork Reduction Act does not apply because the proposed changes to the FMR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.

**E. Small Business Regulatory Enforcement Fairness Act**

This proposed rule is exempt from Congressional review under 5 U.S.C. 801 since it relates solely to agency management and personnel.
