Purpose of the Meeting: The purpose of this meeting is to allow Subcommittee members to hear directly from natural gas stakeholders.

Tentative Agenda: The meeting will start at 10 a.m. and will conclude at 4 p.m. on June 28, 2011. The tentative meeting agenda includes presentations from shale gas stakeholders and experts.

Public Participation: The meeting is open to the public. Individuals who would like to attend must RSVP no later than 5 p.m. on Friday, June 24, 2011, by e-mail to: shalegas@hq.doe.gov. An early confirmation of attendance will help facilitate access to the building more quickly. Please provide your name, organization, citizenship and contact information. Space is limited. Anyone attending the meeting will be required to present government-issued identification. Individuals and representatives of organizations who would like to offer comments and suggestions may do so at the end of the meeting on Tuesday, June 28, 2011. Approximately 30 minutes will be reserved for public comments. Time allotted per speaker will depend on the number of individuals who wish to speak but will not exceed 5 minutes. The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Those wishing to speak should register to do so beginning at 9:30 a.m. on June 28, 2011.

Those not able to attend the meeting or have insufficient time to address the committee are invited to send a written statement to: LaTanya Stone, Deputy Designated Federal Officer, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585; or by e-mail to: shalegas@hq.doe.gov or at the following Web site: http://www.shalegas.energy.gov.

SUPPLEMENTARY INFORMATION:

Background: The SEAB was reestablished to provide advice and recommendations to the Secretary on the Department’s basic and applied research, economic and national security policy, educational issues, operational issues and other activities as directed by the Secretary. The Natural Gas Subcommittee was established to provide advice and recommendations to the Full Board on how to improve the safety and environmental performance of natural gas hydraulic fracturing from shale formations, thereby harnessing a vital domestic energy resource while ensuring the safety of citizen’s drinking water and the health of the environment. President Obama directed Secretary Chu to convene this group as part of the President’s “Blueprint for a Secure Energy Future”—a comprehensive plan to reduce America’s oil dependence, save consumers money, and to make our country the leader in clean energy industries.

Purpose of the Meeting: The purpose of this meeting is to allow Subcommittee members to hear directly from natural gas stakeholders.

Lock Hydro Friends Fund I; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On March 4, 2011, Lock Hydro Friends Fund I, filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of hydropower at the City of Austin’s Longhorn Dam located on the Lower Colorado River in Travis County, Texas. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners’ express permission.

The proposed project would consist of the following: (1) The existing 506-foot-long, 36-foot-high Longhorn dam; (2) the existing reservoir with a surface area of 525.0 acres and a storage capacity of 6,000 acre-feet; (3) two prefabricated concrete walls attached to the downstream side of the dam which would support one power stack, also known as, a frame module; (4) the frame
module would contain 2 generating units with a total combined capacity of 2.2 megawatts (MW); (5) a new switchyard containing a transformer; (6) a proposed 300-feet-long, 13-kilovolt (kV) transmission line to an existing distribution line. The proposed project would have an average annual generation of 10.6 megawatt-hours (MWh), which would be sold to a local utility.

Applicant Contact: Mr. Wayne Krouse, Hydro Green Energy LLC, 5090 Richmond Avenue #390, Houston, TX 77056; phone (877) 556–6566 x709.

Midwestern Gas Transmission Company; Notice of Request Under Blanket Authorization

Take notice that on May 19, 2011, Midwestern Gas Transmission Company (Midwestern) filed a prior notice request for authorization, in accordance with 18 CFR 157.205 and 157.208 of the Federal Energy Regulatory Commission’s (Commission) Regulations under the Natural Gas Act for the authority to construct, own and operate approximately 1.2 miles of new 30-inch diameter natural gas pipeline, abandon in place approximately 1.1 miles of existing 30-inch diameter natural gas pipeline, and remove approximately 100 feet of 30-inch diameter natural gas pipeline in Will County, Illinois. Midwestern also seeks to install a new stoppage fitting located adjacent to its existing REXALL meter station. Midwestern estimates the total cost of the proposed project to be $10,194,000, all as more fully set forth in the application, which is open to the public for inspection. The filing may also be viewed on the web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number containing the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Any questions regarding this prior notice should be directed to Joseph Miller, Midwestern Gas Transmission Company, 100 West 5th Street, ONEOK Plaza, Tulsa, Oklahoma 74103, or telephone (918) 588–7057, or by fax (918) 588–7890, or by e-mail jmiller@oneok.com.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission’s Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission’s staff may, pursuant to section 157.205 of the Commission’s Regulations under the NGA (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenter’s will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commenter’s will not be required to serve copies of filed documents on all other parties. However, the non-party commentary, will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and ill not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission’s Web site (www.ferc.gov) under the “e-Filing” link. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
