II. Summary of Tolerance Amendment

In the Federal Register of March 30, 2011 (76 FR 17611) (FRL–8866–6), EPA issued a proposed rule pursuant to section 408(e) of FFDCA, 21 U.S.C. 346a(e), announcing the Agency’s proposal to amend the propylene oxide tolerance (40 CFR 180.491) on “nut, tree, group 14” to read “nutmeat, processed, except peanuts.” One comment was received on the proposal. The commenter supported EPA’s proposed tolerance amendment and EPA’s explanation as to why the tolerance should be amended.

III. Conclusion

Therefore, for the reasons stated in the proposed rule, EPA is amending the propylene oxide tolerance (40 CFR 180.491) on “nut, tree, group 14” to read “nutmeat, processed, except peanuts.”

IV. Statutory and Executive Order Reviews

This final rule amends a tolerance pursuant to section 408(e) of FFDCA. The Office of Management and Budget (OMB) has exempted these types of
actions from review under Executive Order 12866, entitled Regulatory Planning and Review (58 FR 51735, October 4, 1993). Because this final rule has been exempted from review under Executive Order 12866, this final rule is not subject to Executive Order 13211, entitled Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 et seq., nor does it require any special considerations under Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994).

This final rule directly regulates growers, food processors, food handlers, and food retailers not States or Tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of section 408(n)(4) of FFDCA. As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between the Federal Government and Indian Tribes. Thus, the Agency has determined that Executive Order 13132, entitled Federalism (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled Consultation and Coordination with Indian Tribal Governments (65 FR 67249, November 9, 2000) do not apply to this final rule. In addition, this final rule does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Pub. L. 104–4).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NNTAA), Public Law 104–113, section 12(d) (15 U.S.C. 272 note).

Pursuant to the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 et seq.), the Agency hereby certifies that this final rule will not have significant negative economic impact on a substantial number of small entities. In fact, this rule will have no impact because it merely corrects an error in the propylene oxide tolerance regulation that was inserted in the regulation without proper authority and thus was without legal effect.

V. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 et seq., generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the Federal Register. This final rule is not a “major rule” as defined by 5 U.S.C. 804(2).
