consistent format and is essential to the FCC to monitor revenue requirements, joint cost allocations, jurisdictional separations and access charges. There are no changes to the ARMIS Report 43–04.

Although the Commission has granted conditional forbearance from FCC Reports 43–04, the Commission still seeks OMB approval because petitions for reconsideration and review of those forbearance decisions are currently pending before the Commission and the courts, respectively. On April 24, 2008, the Commission in Petition of AT&T Inc. for Forbearance under 47 U.S.C. 160 from Enforcement of Certain of the Commission’s Cost Assignment Rules, WC Docket Nos. 07–21, 05–342, Memorandum Opinion and Order, 23 FCC Rcd 7302 (2008) (AT&T Cost Assignment Forbearance Order), pet for recon. pending, pet. for review pending, NASUCA v. FCC, Case No. 08–1226 (DC Cir. filed June 23, 2008) granted forbearance, subject to conditions, from the statutory provision and Commission rules as requested in the Legacy AT&T and Legacy BellSouth petitions (collectively, “Cost Assignment Rules”). AT&T asked for and the Commission granted forbearance from four of the Commission’s reporting requirements—the Access Report (ARMIS 43–04), the Rate of Return Monitoring Report (FCC Form 492), the Reg/Non-Reg Forecast Report (FCC Form 495A) and the Reg/Non-Reg Actual Usage Report (FCC Form 495B)—because forbearance from the Cost Assignment Rules renders these reports meaningless. The Commission had concluded that the various accounting rules were intended to work together to help ensure the proper statutory goal of just and reasonable rates. See Separations of Costs of Regulated Telephone Service from Costs of Nonregulated Activities: Amendment of Part 31, the Uniform System of Accounts for Class A and Class B Telephone Companies to Provide for Nonregulated Activities and to Provide for Transactions Between Telephone Companies and their Affiliates, CC Docket 96–111, Report and Order and 2 FCC Rcd 1298 (1998), petition for review denied, Southernmost Bell Corp v. FCC, 896 F. 2d 1378 (DC Cir. 1990).

In Service Quality, Customer Satisfaction, Infrastructure and Operating Data Gathering, WC Docket Nos. 08–190, 07–126, 07–204, 07–273, 07–21, Memorandum Opinion and Order and Notice of Proposed Rulemaking, 23 FCC Rcd 13647 (2008) [Verizon/Qwest Cost Assignment Forbearance Order], pet. for recon. pending, pet. for review pending, NASUCA v. FCC, Case No. 08–1353 (DC Cir. filed Nov. 4, 2008) the Commission extended to Verizon and Qwest forbearance from the statutory provision and Commission rules from the Cost Assignment Rules to the same extend granted AT&T in the AT&T Cost Assignment Forbearance Order and subject to the same conditions. The Commission concluded that there is no current Federal need for the Cost Assignment Rules, as they apply to Verizon and Qwest, to ensure that charges and practices are just, reasonable, and not unjustly discriminatory; to protect consumers; and to ensure the public interest. See AT&T Cost Assignment Forbearance Order, 23 FCC Rcd at 7307, paragraph 11.

Federal Communications Commission.

Bulah P. Wheeler, Deputy Manager, Office of the Secretary, Office of Managing Director.
