*Title:* Application Requirements for the Low Income Home Energy

Assistance Program (LIHEAP) Residential Energy Assistance Challenge Program (REACH) Model Plan.

*OMB No.:* 0970-0348.

*Description:* States, including the District of Columbia, Tribes, Tribal organizations and Territories applying for LIHEAP REACH funds must Submit an annual application prior to receiving Federal funds. The Human Services Amendments of 1994 (Pub. L. 103-252) amended the LIHEAP statute to add Section 2607B, which established the REACH program. REACH was funded for the first time in FY 1996 and is intended to: (1) Minimize health and safety risks that result from high energy burdens on low-income Americans; (2) reduce home energy vulnerability and prevent homelessness as a result of the inability to pay energy bills; (3) increase

the efficiency of energy usage by low-income families, helping them achieve energy self-sufficiency; and (4) target energy assistance to individuals who are most in need. The REACH Model Plan clarifies the information being requested and ensures the submission of all the information required by statute. The form facilitates our response to numerous queries each year concerning the information that should be included in the REACH application. Submission of a REACH application and use of the REACH Model Plan is voluntary. Grantees have the option to use another format.

*Respondents:* State Governments, Tribal governments, Insular Areas, the District of Columbia, and the Commonwealth of Puerto Rico.
