[Release No. 34-65078; File No. SR-CHX-2011-24]

### Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend the Pilot Program Relating to Clearly Erroneous Transactions

August 9, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4<sup>2</sup> thereunder, notice is hereby given that on August 8, 2011, the Chicago Stock Exchange, Inc. (“CHX” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the CHX. CHX has filed this proposal pursuant to Exchange Act Rule 19b-4(f)(6)<sup>3</sup> which is effective upon filing with the Commission.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CHX proposes to amend its rules to extend the pilot program relating to clearly erroneous transactions. The text of this proposed rule change is available on the Exchange’s Web site at (<http://www.chx.com>) and in the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CHX included statements concerning the purpose of and basis for the proposed rule changes and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. The CHX has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

In September, 2010, CHX obtained Commission approval of a filing amending its rules relating to clearly erroneous transactions on a pilot basis

until December 10, 2010.<sup>4</sup> This program was subsequently extended until April 11, 2011<sup>5</sup> and then extended again until August 11, 2011.<sup>6</sup> The proposed rule change merely extends the duration of the pilot program to January 31, 2011. Extending the pilot in this manner will allow the Commission more time to consider the impact of the pilot program.

###### 2. Statutory Basis

Approval of the rule change proposed in this submission is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.<sup>7</sup> In particular, the proposed change is consistent with Section 6(b)(5) of the Act,<sup>8</sup> because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. The proposed rule change is also designed to support the principles of Section 11A(a)(1)<sup>9</sup> of the Act in that it seeks to assure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements in that it promotes transparency and uniformity across markets concerning reviews of potentially clearly erroneous executions in various contexts, including reviews in the context of a Multi-Stock Event involving twenty or more securities and reviews resulting from a Trigger Trade and any executions occurring immediately after a Trigger Trade but before a trading pause is in effect on the Exchange. Further, the Exchange believes that the proposed changes enhance the objectivity of decisions made by the Exchange with respect to clearly erroneous executions.

##### B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

##### C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>11</sup> The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot program to continue uninterrupted and help ensure uniformity among the national securities exchanges and FINRA with respect to the treatment of clearly erroneous transactions.<sup>12</sup> Accordingly, the Commission waives the 30-day operative delay requirement and designates the proposed rule change as operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange proposes to modify the "Options Pricing" section of its fee schedule to: (i) Increase the fees applicable to removing liquidity from the BATS options market ("BATS Options"); (ii) decrease the rebates applicable to adding liquidity to BATS Options; (iii) decrease the rebates paid, subject to average daily volume requirements, for orders that set either the national best bid (the "NBB") or the national best offer (the "NBO"); (iv) adopt a program to incentivize sustained, aggressive quoting in certain specified options series (the "Quoting Incentive Program" or "QIP"); and (v) adopt a change to the standard routing fee for the CYCLE, RECYCLE, Parallel D, Parallel 2D, and Destination Specific routing strategies<sup>6</sup> charged for routing Customer<sup>7</sup> orders to certain markets.

(i) Increase to Liquidity Removal Fees

The Exchange proposes to increase this fee to \$0.32 per contract for Customer orders and \$0.42 per contract for Firm and Market Maker orders that remove liquidity from BATS Options, subject to potential reduction for any Member with an ADV of 0.30% or more of average TCV on BATS Options, as described below.
