and vehicular traffic than exists on interstate highways. Faster reaction to traffic and traffic signals is generally required because distances between them are more compact. These conditions tax visual capacity and driver response just as intensely as interstate driving conditions. The veteran drivers in this proceeding have operated CMVs safely under those conditions for at least 3 years, most for much longer. Their experience and driving records lead us to believe that each applicant is capable of operating in interstate commerce as safely as he/she has been performing in intrastate commerce. Consequently, FMCSA finds that exempting these applicants from the vision standard in 49 CFR 391.41(b)(10) is likely to achieve a level of safety equal to that existing without the exemption. For this reason, the Agency is granting the exemptions for the 2-year period allowed by 49 U.S.C. 31136 and 31315 to the 13 applicants listed in the notice of June 10, 2011 (76 FR 34136).

We recognize that the vision of an applicant may change and affect his/her ability to operate a CMV as safely as in the past. As a condition of the exemption, therefore, FMCSA will impose requirements on the 13 individuals consistent with the grandfathering provisions applied to drivers who participated in the Agency’s vision waiver program.

Those requirements are found at 49 CFR 391.64(b) and include the following: (1) That each individual be physically examined every year (a) By an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard in 49 CFR 391.41(b)(10) and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provide a copy of the ophthalmologist’s or optometrist’s report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver’s qualification file, or keep a copy in his/her driver’s qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

Discussion of Comments

FMCSA received no comments in this proceeding.

Conclusion

Based upon its evaluation of the 13 exemption applications, FMCSA exempts Eleazar R. Balli, James J. Doan, James A. Ellis, Allen M. Gamber, Michael R. Gratin, Dale L. Giardine, Benjamin C. Hall, Richard A. McGuire, Dennis L. Morgan, Timothy A. Newberry, Neville E. Owens, Peter M. Shirk, and Thomas C. Stonewall from the vision requirement in 49 CFR 391.41(b)(10), subject to the requirements cited above [(49 CFR 391.64(b)].

In accordance with 49 U.S.C. 31136(e) and 31315, each exemption will be valid for 2 years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136 and 31315. If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2011–0189]

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of applications for exemptions; request for comments.

SUMMARY: FMCSA announces receipt of applications from 16 individuals for exemption from the vision requirement in the Federal Motor Carrier Safety Regulations. If granted, the exemptions would enable these individuals to qualify as drivers of commercial motor vehicles (CMVs) in interstate commerce without meeting the Federal vision standard.

DATES: Comments must be received on or before October 7, 2011.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket No. FMCSA–2011–0189 using any of the following methods:

• Federal eRulemaking Portal: Go to [http://www.regulations.gov]. Follow the on-line instructions for submitting comments.

• Mail: Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue, SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.

• Hand Delivery: West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

• Fax: 1–202–493–2251.

Instructions: Each submission must include the Agency name and the docket numbers for this notice. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:
Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations for a 2-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” FMCSA can renew exemptions at the end of each 2-year period. The 16 individuals listed in this notice have each requested such an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting an exemption will achieve the required level of safety mandated by statute.

Qualifications of Applicants

Darrell G. Anthony

Mr. Anthony, age 64, had an enucleation of his left eye due to a traumatic injury that he sustained in 1952. The best corrected visual acuity in his right eye is 20/20. Following an examination in 2011, his optometrist noted, “I believe that this patient has the visual capacity to operate a commercial vehicle.” Mr. Anthony reported that he has driven straight trucks for 47 years, accumulating 4,700 miles and tractor-trailer combinations for 47 years, accumulating 3.3 million miles. He holds a Class A Commercial Driver’s License (CDL) from Texas. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a Commercial Motor Vehicle (CMV).

Jerry W. Branning

Mr. Branning, 66, has a prosthetic left eye due to a traumatic injury that occurred in 1983. The best corrected visual acuity in his right eye is 20/20. Following an examination in 2011, his optometrist noted, “In my opinion, Ronald has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. Branning reported that he has driven straight trucks for 20 years, accumulating 2 million miles and tractor-trailer combinations for 28 years, accumulating 3.6 million miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows no crashes but one conviction for speeding in a CMV. He exceeded the speed limit by 10 mph.

Stacey J. Buckingham

Mr. Buckingham, 43, has a prosthetic left eye due to a traumatic injury that occurred more than 25 years ago. The best corrected visual acuity in his right eye is 20/15. Following an examination in 2011, his optometrist noted, “He has sufficient vision required to operate a commercial vehicle.” Mr. Buckingham reported that he has driven straight trucks for 18 years, accumulating 553,000 miles and tractor-trailer combinations for 18 years, accumulating 553,000 miles. He holds a Class D operator’s license from Idaho. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Gary E. Butler

Mr. Butler, 58, has had complete loss of vision in his right eye due to a traumatic injury sustained more than 4½ years ago. The best corrected visual acuity in his left eye is 20/20. Following an examination in 2011, his optometrist noted, “I do believe his vision is sufficient to perform the driving tasks required to operate a commercial vehicle.” Mr. Butler reported that he has driven straight trucks for 40 years accumulating 2 million miles. Within this 40 year time frame, he has also driven tractor-trailer combinations accumulating 2 million miles. He holds a Class A CDL from Montana. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Ronnie J. Fieck

Mr. Fieck, 44, has had macular scarring and glaucoma in his left eye since 2008. The best corrected visual acuity in his right eye is 20/20 and in his left eye, 20/200. Following an examination in 2011, his ophthalmologist noted, “In my medical opinion, Ronald has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. Fieck reported that he has driven straight trucks for 9 years, accumulating 46,800 miles. He holds a Class D operator’s license from Wisconsin. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

James E. Knarr, Sr.

Mr. Knarr, 67, has loss of vision in his left eye due to a corneal transplant in 2006. The best corrected visual acuity in his right eye is 20/20 and in his left eye, 20/50. Following an examination in 2011, his ophthalmologist noted, “I certify in my medical opinion that the patient has sufficient vision to perform the driving tasks required to operate a commercial vehicle, consistent with the laws and regulation of DOT guidelines.” Mr. Knarr reported that he has driven tractor-trailer combinations for 41 years, accumulating 4.2 million miles. He holds a Class A CDL from New York. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Michael A. Lawson

Mr. Lawson, 47, has had retinal and iris coloboma in his left eye since birth. The best corrected visual acuity in his right eye is 20/20 and in his left eye, 20/315. Following an examination in 2011, his optometrist noted, “He has sufficient vision to operate a commercial vehicle.” Mr. Lawson reported that he has driven straight trucks for 10 years, accumulating 5,000 miles and tractor-trailer combinations for 5 years, accumulating 75,000 miles. He holds a Class A CDL from Kentucky. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Thomas J. Malama

Mr. Malama, 55, has a prosthesis left eye due to a traumatic injury sustained in 1985. The best corrected visual acuity in his right eye is 20/15. Following an examination in 2011, his optometrist noted, “In my professional opinion, he has sufficient vision and has already demonstrated his ability to perform his driving duties adequately.” Mr. Malama reported that he has driven straight trucks for 33 years, accumulating 634,000 miles. He holds a Class C operator’s license from Michigan. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Jeffrey A. Mueller

Mr. Mueller, 55, has had amblyopia in his right eye since childhood. The best corrected visual acuity in his right eye is 20/100 and in his left eye, 20/20. Following an examination in 2011, his optometrist noted, “It is my opinion that Mr. Mueller has sufficient vision to perform the tasks required to operate a CMV.” Mr. Mueller reported that he has driven tractor-trailer combinations for 22 years, accumulating 2.5 million miles. He holds a Class A CDL from Illinois. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

Harold L. Pearsall

Mr. Pearsall, 54, has had amblyopia in his right eye since childhood. The best corrected visual acuity in his right eye is 20/100 and in his left eye, 20/25. Following an examination in 2011, his optometrist noted, “In my medical opinion, he has sufficient vision to perform driving tasks required to operate a commercial vehicle.” Mr.

Mr. Stidham reported that he has driven straight trucks for 15 months, accumulating 24,000 miles and tractor-trailer combinations for 8 years, accumulating 205,000 miles. He holds a Class A CDL from Pennsylvania. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Phillip M. Pridgen, Sr.**

Mr. Pridgen, 55, has had optic atrophy in his left eye since 1991. The best corrected visual acuity in his right eye is 20/20 and in his left eye, light perception. Following an examination in 2011, his optometrist noted, “It is my medical opinion that Mr. Pridgen has sufficient vision to operate a commercial vehicle.” Mr. Pridgen reported that he has driven straight trucks for 2 months, accumulating 12,000 miles and tractor-trailer combinations for 5 years, accumulating 100,000 miles. He holds a Class A CDL from Maryland. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Eric W. Schmidt**

Mr. Schmidt, 47, has had amblyopia in his left eye since childhood. The visual acuity in his right eye is 20/20 and in his left eye, 20/150. Following an examination in 2011, his ophthalmologist noted, “Once again it is my medical opinion that Mr. Schmidt has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. Schmidt reported that he has driven straight trucks for 10 years, accumulating 250,000 miles. He holds a Class E CDL from Florida. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Gerald D. Stidham**

Mr. Stidham, 49, has a prosthetic right eye due to a traumatic injury that occurred in 2004. The best corrected visual acuity in his left eye is 20/20. Following an examination in 2011, his ophthalmologist noted, “It is my opinion, that Mr. Stidham has sufficient vision to perform the driving tasks that are required of him, including the operation of commercial vehicles.” Mr. Stidham reported that he has driven straight trucks for 20 years, accumulating 260,000 miles and tractor-trailer combinations for 6 years, accumulating 156,000 miles. He holds a Class A CDL from Colorado. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Douglas A. Suraci**

Mr. Suraci, 47, has had optic neuropathy and retinal damage in his right eye due to a traumatic injury he sustained in 2004. The best corrected visual acuity in his right eye is 20/50 and in his left eye, 20/20. Following an examination in 2011, his ophthalmologist noted, “In my opinion, his fields and eye exam show that he is safe for driving a CMV.” Mr. Suraci reported that he has driven straight trucks for 17 years, accumulating 3.4 million miles. He holds a Class D operator’s license from New York. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Michael L. Watters, Sr.**

Mr. Watters, 56, has had complete loss of vision in his right eye due to a traumatic injury sustained in 2004. The visual acuity in his left eye is 20/25. Following an examination in 2011, his ophthalmologist noted, “In my medical opinion, Mr. Watters has sufficient vision to perform driving tasks required to operate a commercial vehicle.” Mr. Watters reported that he has driven tractor-trailer combinations for 10 years, accumulating 1.14 million miles and buses for 1 year, accumulating 3,060 miles. He holds a Class A CDL from Pennsylvania. His driving record for the last 3 years shows no crashes but two convictions for speeding in a CMV and failing to yield the right of way. He exceeded the speed limit by 5 mph.

**Keith Wentz**

Mr. Wentz, 60, has had a macular scar in his right eye due to radiation treatment since 2002. The best corrected visual acuity in his left eye is 20/20 and in his right eye count-finger vision. Following an examination in 2011, his ophthalmologist noted, “I feel, in my medical opinion, that he has sufficient vision to perform the driving tasks required to operate a commercial vehicle.” Mr. Wentz reported that he has driven straight trucks for 5 years, accumulating 125,000 miles and tractor-trailer combinations for 28 years, accumulating 1.4 million miles. He holds a Class A CDL from Florida. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

**Request for Comments**

In accordance with 49 U.S.C. 31136(e) and 31315, FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. The Agency will consider all comments received before the close of business October 7, 2011. Comments will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. The Agency will file comments received after the comment closing date in the public docket, and will consider them to the extent practicable.

In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should monitor the public docket for new material.

**DEPARTMENT OF TRANSPORTATION**

**Federal Motor Carrier Safety Administration**

**Qualification of Drivers; Exemption Applications; Vision**

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of renewal of exemptions; request for comments.

**SUMMARY:** FMCSA announces its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 19 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemption renewals will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

**DATES:** This decision is effective September 23, 2011. Comments must be received on or before October 7, 2011.
