Notice of Lodging of Consent Decree Under the Clean Air Act

Notice is hereby given that on September 7, 2011, a proposed Consent Decree ("Decree") in *United States v. PSC Metals, Inc.*, Civil Action No. 1:11-cv-01886, was lodged with the United

States District Court for the Northern District of Ohio.

In this action the United States, on behalf of the U.S. Environmental Protection Agency ("U.S. EPA"), sought penalties and injunctive relief under the Clean Air Act ("CAA") against PSC Metals, Inc. ("Defendant") relating to Defendant's Cleveland, Ohio facility ("Facility"). The Complaint alleges that Defendant has violated Section 608(b)(1) of the CAA, 42 U.S.C. 7671g(b)(1) (National Recycling and Emission Reduction Program), and the regulations promulgated thereunder, 40 CFR part 82, subpart F, by failing to follow the requirement to recover or verify recovery of refrigerant from appliances it accepts for disposal. The Consent Decree provides for a civil penalty of \$199,000. The Decree also requires Defendant to implement the following measures at all eleven (11) of its scrap yards in Ohio: (1) Purchase equipment to recover refrigerant or contract for such services and provide for such recovery at no additional cost; (2) no longer accept small appliances, motor vehicle air conditioners ("MVACs"), or MVAC-like appliances with cut lines unless the supplier can provide appropriate written verification (e.g., that all refrigerant that had not leaked previously was properly evacuated); (3) require its suppliers to use the verification statement provided in Appendix B that contains the information required by the regulations, unless it has an existing written agreement with that supplier regarding verification; and (4) keep a refrigerant recovery log to document details regarding refrigerant that is recovered by Defendant in the form provided in Appendix A. If Defendant stops accepting small appliances, MVACs and MVAC-like appliances for recycling, it shall be subject to stipulated penalties.
