History and Description of the Remains

In 1953–1954, human remains and funerary objects were removed from the Cedar Cave Site (45–KT–20), in Kittitas County, WA, during a University of Washington Field Expedition led by Dr. Earl Swanson, Jr. The human remains and funerary objects were transferred from the University of Washington Department of Anthropology and accessioned by the Burke Museum in 1966 (Burke Accn. #1966–95). In 1974, the Burke Museum legally transferred portions of the human remains to Central Washington University. In 2007, a Notice of Inventory Completion (NIC) describing 4 individuals and 42 associated funerary objects removed from the Cedar Cave site was published in the Federal Register [72 FR 52391–52392, September 13, 2007]. The Burke Museum and Central Washington University have jointly repatriated these human remains and funerary objects from the Cedar Cave site described in the NIC. In 2009, during a collection portion of the human remains to The Tribes and The Indian Group may proceed after that date if no additional claimants come forward. The Burke Museum is responsible for notifying The Tribes and The Indian group that this notice has been published.
