Privacy Act System of Records

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: Pursuant to subsection (e)(4) of the Privacy Act of 1974, as amended (“Privacy Act”), 5 U.S.C. 552a, the Federal Communications Commission (FCC or Commission) proposes to add one new, consolidated system of records, FCC/PSHSB–1, “FCC Emergency and Continuity Contacts System (ECCS).” FCC/PSHSB–1, “FCC Emergency and Continuity Contacts System (ECCS)” will incorporate the information, e.g., personally identifiable information (PII), presently covered by two FCC systems of records, FCC/EB–4, “Crisis Management Contacts,” and FCC/OMD–11, “Continuity of Operations Plan (COOP),” and also add new and/or updated information that pertains to the mission and activities of the FCC’s Public Safety and Homeland Security Bureau (PSHSB). Upon approval of FCC/PSHSB–1, “FCC Emergency and Continuity Contacts System (ECCS),” the Commission will cancel FCC/EB–4 and FCC/OMD–11. The purposes for adding this new system of records, FCC/PSHSB–1, “FCC Emergency and Continuity Contacts System (ECCS),” are for PSHSB to use the records in this system of records to allow the FCC to use:

The information in the Emergency Contacts database to coordinate crisis response activities, etc.;

The information in the Continuity of Operations Plan (COOP) Contacts database to contact FCC employees and contractors regarding COOP matters, etc.; and

An automated telephone and e-mail system to contact its Emergency Contacts and COOP Contacts, etc.

The new system of records will consolidate the systems of records in these two separate internal databases that the Bureau currently uses so that all the PII are now housed in a single PSHSB database for the PSHSB’s
