cover under warranty, and refurbish equipment;
• The cost, time and any other resources allocated to outreach activities related to the NDBEDP, and the type of outreach efforts undertaken;
• The cost, time and any other resources allocated to upgrading the distributed equipment, along with the nature of such upgrades;
• To the extent that the program has denied equipment requests made by their deaf-blind residents, a summary of the number and types of equipment requests denied and reasons for such denials;
• To the extent that the program has received complaints related to the program, a summary of the number and types of such complaints and their resolution; and
• The number of qualified applicants on waiting lists to receive equipment.
(c) Each program certified under the NDBEDP must retain all records associated with the distribution of equipment and provision of related services under the NDBEDP for two years following the termination of the pilot program.
(d) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the definition of an individual who is deaf-blind.
(e) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the income eligibility requirements.
(f) Programs certified under the NDBEDP shall be reimbursed for the cost of equipment that has been distributed to eligible individuals and authorized related services, up to the state’s funding allotment under this program. Within 30 days after the end of each six-month period of the Fund Year, each program certified under the NDBEDP pilot must submit documentation that supports its claim for reimbursement of the reasonable costs of the following:
• Equipment and related expenses, including maintenance, repairs, warranties, returns, refurbishing, upgrading, and replacing equipment distributed to consumers;
• Individual needs assessments;
• Installation of equipment and individualized consumer training;
• Maintenance of an inventory of equipment that can be loaned to the consumer during periods of equipment repair;
• Outreach efforts to inform state residents about the NDBEDP; and
• A summary of the program, but not to exceed 15 percent of the total reimbursable costs for the distribution of equipment and related services permitted under the NDBEDP.

Pacific Cod by Non-American Fisheries Act Crab Vessels Harvesting Pacific Cod for Processing by the Inshore Component in the Central Regulatory Area of the Gulf of Alaska
AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.
ACTION: Temporary rule; closure.
SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by non-American Fisheries Act (AFA) crab vessels that are subject to sideboard limits harvesting Pacific cod for processing by the inshore component in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2011 Pacific cod sideboard limit established for non-AFA crab vessels harvesting Pacific cod for processing by the inshore component in the Central Regulatory Area of the GOA. The 2011 Pacific cod sideboard limit established for non-AFA crab vessels that are subject to sideboard limits harvesting Pacific cod for processing by the inshore component in the Central Regulatory Area of the GOA will soon be reached. Therefore, the Regional Administrator is establishing a sideboard directed fishing allowance of 1,700 mt, and is setting aside the remaining 25 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 680.22(e)(3), the Regional Administrator finds that this sideboard directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by non-AFA crab vessels that are subject to sideboard limits harvesting Pacific cod for processing by the inshore component in the Central Regulatory Area of the GOA. After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.
Classification
This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the sideboard directed fishing closure of Pacific cod for non-AFA crab vessels that are subject to sideboard limits harvesting Pacific cod for processing by the inshore component in the Central Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 15, 2011.
The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C.
553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 680.22 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: September 16, 2011.

Steven Thur,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
