preparing business plans, making business decisions, developing economic models and forecasts, conducting economic research, and establishing benchmarks for their own sample surveys.

If the economic census were not conducted in the Island Areas, the Federal government would lose the only dependable source of detailed comprehensive information of the economies of these areas. Additionally, the governments of the Island Areas would lose vital source data and benchmarks for their national accounts, input-output tables, and other composite measures of economic activity, causing a substantial degradation in the quality of these important statistics.

DEPARTMENT OF COMMERCE

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and opportunity for public comment.

Pursuant to Section 251 of the Trade Act of 1974, as amended [19 U.S.C. 2341 et seq.], the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm’s workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

The Bureau of Industry and Security, U.S. Department of Commerce (“BIS”),
has notified Bahram Maghazehe a.k.a. Benjamin Maghazehe a.k.a. Ben Maghazehe ("Maghazehe") of its intention to initiate an administrative proceeding against Maghazehe pursuant to Section 766.3 of the Export Administration Regulations (the "Regulations"),1 and Section 13(c) of the Export Administration Act of 1979, as amended (the "Act"),2 through the issuance of a Proposed Charging Letter to Maghazehe that alleged that he committed one violation of the Regulations. Specifically, the charge is:

**Charge 1 15 CFR 764.2(h)—Evasion**

Beginning in or about February 2007 and continuing through in or about June 2007, Maghazehe engaged in a transaction or took other action with intent to evade the provisions of the Regulations.

Specifically, Maghazehe worked with a U.S. company to arrange for the export without a license from the United States through the United Arab Emirates to Iran of a Varian Ximatron oncology system, which was subject to the Regulations,3 and the Iranian Transactions Regulations ("ITR") 4 and had a declared value of $5,000. Pursuant to Section 560.204 of the Iranian Transactions Regulations ("ITR") maintained by the Department of the Treasury’s Office of Foreign Assets Control ("OFAC"), an export to a third country intended for transshipment to Iran is a transaction that requires OFAC authorization. Pursuant to Section 746.7 of the Regulations, no person may engage in the exportation of an item subject to both the Regulations and the ITR without authorization from OFAC. No OFAC authorization was sought or obtained for the transaction described herein.

Maghazehe had knowledge that a U.S. hospital was discarding the oncology system and that a company in Iran with which he had a business relationship wanted to acquire the equipment. To enable the delivery of the oncology system to the Iranian company, Maghazehe worked with a U.S. company to arrange for the de-installation and removal of the equipment from the U.S. hospital and the export of the equipment from the United States. Maghazehe informed the U.S. company that the oncology system was destined for Iran, and, on or about June 7, 2007, when asked by the U.S. company’s representative if he wanted to make a “legal export,” indicated by shaking his head no that he did not want to do so. Maghazehe provided the U.S. company with a United Arab Emirates address, which he intended for the U.S. company to provide to the freight forwarder and for the freight forwarder to provide to the U.S. Government as the ultimate destination of the item, thereby obscuring the actual final destination of the equipment, Iran. These acts were taken to export the U.S.-origin equipment to Iran without the required U.S. Government authorization and avoid detection by law enforcement. Ultimately, the equipment was seized by the U.S. Government.

In so doing, Maghazehe committed one violation of Section 764.2(h) of the Regulations.

While, BIS and Maghazehe have entered into a Settlement Agreement pursuant to Section 766.18(a) of the Regulations, whereby they agreed to settle this matter in accordance with the terms and conditions set forth therein; and

**Whereas, I have approved of the terms of such Settlement Agreement;**

**It Is Therefore Ordered:**

FIRST, that for a period of six (6) years from the date of entry of the Order, Bahram Maghazehe a.k.a. Benjamin Maghazehe a.k.a. Ben Maghazehe, with a last known address of 154 Sequoia Dr., Newtown, Pennsylvania 18940, and when acting for or on his behalf, his representatives, assigns, agents, or employees (hereinafter collectively referred to as “ Denied Person”), may not, directly or indirectly, participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as “item”) exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations; or

**Second, that no person may, directly or indirectly, do any of the following:**

A. Export or reexport to or on behalf of the Denied Person any item subject to the Regulations;  
B. Take any action that facilitates the acquisition or attempted acquisition by the Denied Person of the ownership, possession, or control of any item subject to the Regulations that has been or will be exported from the United States, including financing or other support activities related to a transaction whereby the Denied Person acquires or attempts to acquire such ownership, possession or control;  
C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from the Denied Person of any item subject to the Regulations that has been exported from the United States;  
D. Obtain from the Denied Person in the United States any item subject to the Regulations with knowledge or reason to know that the item will be, or is intended to be, exported from the United States; or

E. Engage in any transaction to service any item subject to the Regulations that has been or will be exported from the United States and which is owned, possessed or controlled by the Denied Person, or service any item, of whatever origin, that is owned, possessed or controlled by the Denied Person if such service involves the use of any item subject to the Regulations that has been or will be exported from the United States. For purposes of this paragraph, servicing means installation, maintenance, repair, modification or testing.

Third, that, after notice and opportunity for comment as provided in Section 766.23 of the Regulations, any person, firm, corporation, or business organization related to the Denied Person by affiliation, ownership, control, or position of responsibility in the conduct of trade or related services
