Tennessee Valley Authority (Bellefonte Nuclear Plant, Unit 1)

I.

The Tennessee Valley Authority (TVA, or the applicant) is the current holder of Construction Permit (CP) Nos. CPPR–122 and CPPR–123, which were issued by the Atomic Energy Commission (now the U.S. Nuclear Regulatory Commission (NRC)) on December 24, 1974 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML090680334) for construction of the Bellefonte Nuclear Plant (BLN), Units 1 and 2, respectively. The CPs for CPPR–122 and CPPR–123 expire on October 1, 2011, and October 1, 2014, respectively.

These facilities, currently in deferred plant status as described in the Commission Policy Statement on Deferred Plants, published in the Federal Register on October 14, 1987 (52 FR 38077), are at the applicant’s site in Jackson County, AL, located on a peninsula at Tennessee River Mile 392 on the west shore of Guntersville Reservoir, about 6 miles east-northeast of Scottsboro, AL.

TVA filed a request on October 8, 2010 (ADAMS Accession No. ML102870233), as supplemented April 25 and September 1, 2011 (ADAMS Accession Nos. ML11124A170 and ML11249A162, respectively), under Title 10 of the Code of Federal Regulations (10 CFR) 50.55(b) for the extension of the latest date for completion of construction as stated in CPPR–122 for BLN, Unit 1, to October 1, 2020.

In its letter dated October 8, 2010, TVA stated that extending the BLN Unit 1 CP would allow it to either complete construction or continue to preserve and maintain BLN Unit 1 in a deferred status as a valuable asset pending a longer term determination of generation needs to meet future electrical demand. TVA stated that the requested extension includes a reasonable amount of time to allow for adjustments to the schedule as may become necessary. TVA also informed the NRC that its decision on the eventual construction and completion of BLN Unit 1 would be pending completion of TVA’s integrated resource planning (IRP) process in spring 2011.

By letter dated August 30, 2010 (ADAMS Accession No. ML102440618), TVA informed the NRC that it was...
