Submission Deadline for Schedule Information for San Francisco International Airport for the Summer 2012 Scheduling Season

AGENCY: Department of Transportation, Federal Aviation Administration (FAA).

ACTION: Notice of submission deadline.

SUMMARY: Under this notice, the FAA announces the designation of San Francisco International Airport (SFO) as a Level 2 airport under the International Air Transport Association (IATA) Worldwide Slot Guidelines (WSG) effective for the Summer 2012 scheduling season. The FAA has determined this designation is necessary based primarily on runway capacity, existing congestion and delays, and expected increased congestion due to a multi-year airport construction project. The FAA announces a deadline of October 20, 2011, for carriers to submit to the FAA schedule information for all planned operations at SFO between the hours of 0600 and 2259, Pacific time, (1300 and 0559 UTC). This deadline is a week later than the IATA deadline due to late notice of the Level 2 designation. The FAA will grant an additional short extension if a carrier requires additional time to complete its initial submission, provided that extension would not impede preparations for the IATA Schedules Conference in November 2011.

DATES: Schedules must be submitted no later than October 20, 2011.

ADDRESSES: Schedules may be submitted by mail to the Slot Administration Office, AGC–200, Office of the Chief Counsel, 800 Independence Ave., SW., Washington, DC 20591; facsimile: 202–267–7277; or by e-mail to: 7-AWA-slotadmin@faa.gov.

SUPPLEMENTARY INFORMATION: IATA guidelines define a Level 2 airport as one where there is the potential for congestion during some periods of the day, week, or season, which can be resolved by voluntary cooperation between airlines. The FAA has determined that SFO should be designated as Level 2 based primarily on runway capacity, existing congestion
