Company requested a 60 day extension of the deadline for sales and distribution.

### III. Amended Order

Pursuant to FIFRA section 6(f), EPA hereby amends the September 14, 2011 order to allow the formetanate HCl registrants to sell and distribute existing stocks of products under the previously approved labeling until January 31, 2012. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II., whose labels include the deleted uses, except for export consistent with FIFRA section 17 or for proper disposal. Persons other than the registrant may sell, distribute, or use existing stocks of products (including those of (24c) Special Local Needs registrations) whose labels include the deleted uses until December 31, 2013, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied the deleted uses.

### IV. What is the agency’s authority for taking this action?

Section 6(a)(1) of FIFRA provides that the Administrator may permit the continued sale and use of existing stocks of a pesticide whose registration is cancelled under this section, or section 3 or 4, to such extent, under such conditions, and for such uses as the Administrator determines that such sale or use is not inconsistent with the purposes of this Act.

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the December 1, 2010 Federal Register notice (75 FR 230) (FRL–8854–3) announcing the Agency’s receipt of the request to voluntarily amend to delete DCNA use on potatoes for products listed in Table 1 of Unit II.

IV. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the requested amendment to terminate use of DCNA on potatoes for registrations identified in Table 1 of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II. are amended to terminate use on potatoes. The effective date of the cancellations that are subject of this notice is November 16, 2011. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the agency’s authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the Federal Register. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment on December 1, 2010. The comment period closed on May 31, 2011.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows:

The registrant may continue to sell and distribute existing stocks of products listed in Table 1 whose labels include the deleted use until November 16, 2012, which is 1 year after publication of this cancellation order in the Federal Register. Thereafter, the registrant is prohibited from selling or distributing products listed in Table 1 of Unit II. whose labels include the deleted use, except for export in accordance with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of products whose labels include the deleted use until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the deleted use.
