History

On August 31, 2011, the FAA published in the Federal Register a notice of proposed rulemaking (NPRM) to establish Class E airspace at Danville, PA (76 FR 54155). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Subsequent to publication, the FAA found the airspace designation to be incomplete, and the geographic coordinates needed to be adjusted; this rule makes the adjustments. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 establishes Class E airspace extending upward from 700 feet above the surface to support new RNAV (GPS) standard instrument approach procedures developed at Danville Airport, Danville, PA. This action also corrects the airspace designation from AEA PA E5 Danville Airport, PA to AEA PA E5 Danville Airport, PA, and adjusts the geographic coordinates of the airport to be in concert with the FAA’s aeronautical database. This enhances the safety and management of IFR operations at the airport. Except for editorial changes, and the changes noted above, this action is the same as that proposed in the NPRM.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in subtitle VII, part A, subpart I, section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E airspace at Danville Airport, Danville, PA.

Adoption of Updated EDGAR Filer Manual

AGENCY: Securities and Exchange Commission.

ACTION: Final rule.

SUMMARY: The Securities and Exchange Commission (the Commission) is adopting revisions to the Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) Filer Manual to reflect updates to the EDGAR system. The revisions are being made primarily to support the updates to submission form types ABS–15G and ABS–15G/A; to support changes in XBRL validations for filings containing Exhibit 101 documents; to update the OMB information on EDGARLite Form TA–W; and to add a new applicant type to the Form ID. The EDGAR system is scheduled to be upgraded to support this functionality on November 21, 2011.

The filer manual is also being revised to address changes previously made in EDGAR.

DATES: Effective Date: November 29, 2011. The incorporation by reference of the EDGAR Filer Manual is approved by the Director of the Federal Register as of November 29, 2011.

SUPPLEMENTARY INFORMATION: We are adopting an updated EDGAR Filer Manual, Volume I and Volume II. The Filer Manual describes the technical formatting requirements for the preparation and submission of electronic filings through the EDGAR
The EDGAR system will be upgraded to Release 11.3 on November 21, 2011 and will introduce the following changes: EDGAR will be upgraded to support updates to submission form type ABS–15G and ABS–15G/A based upon final Rule 15Ga–1.4. ABS–15G Item 1.02 will require start and end date of reporting period also and a file number if the securitizer has already filed an ABS–15G under Item 1.01 for the same Asset Class as the report. ABS–15G Item 1.02 will have an option to indicate if the securitizer has any activity to report for the quarterly period pursuant to Rule 15Ga–1(c)(2)(i) and/or for the annual period pursuant to Rule 15Ga–1(c)(2)(ii). ABS–15G Item 1.01 will have an option to indicate that the securitizer has no activity to report for the initial period pursuant to Rule 15Ga–1(c)(1).

Additionally, EDGAR will allow submission of multiple ABS–15G Item 1.01 submissions per CKI.

The validation rules processed for filings containing EX–101 INS XBRL documents will be changed to require all elements used to have US English standard labels and all non-English non-empty facts to have corresponding US English variants.

Submission form types 10–KT/A, 10–QT/A and POS AM can now be filed with XBRL documents. EX–101 INS XBRL documents included within POS AM submissions can have the content of the entity:DocumentType with content equal to F–1, F–3, F–4, F–9, F–10, S–1, S–3, S–4, S–11, POS AM or ‘Other’. The OMB expiration date on EDGARLite Form TA–W (Notice of Withdrawal from Registration as Transfer Agent) will be updated to July 31, 2014.

New applicant type ‘Municipal Advisor’ will be available for the filers to select when completing the Form ID to apply for EDGAR access codes. In addition, applicant types ‘Investment Company (or insurance product separate account) or Business Development Company’ and ‘Non-Investment Company Applicant under the 1940 Act’. Will be updated to ‘Investment Company, Business Development Company or Insurance Company Separate Account’ and ‘Non-Investment Company Applicant under the Investment Company Act of 1940’ respectively.

There will be a minor .dot release, EDGAR Release 11.3.1, that will be deployed after Release 11.3 to implement additional XBRL validation changes. On December 12, 2011, the validation rules processed for filings containing EX–101 INS XBRL documents will be changed to require four digit xs:Year values and will allow distinct values for all outstanding common share classes instead of requiring a single value for entity:CommonStockSharesOutstanding of annual financial statements. For EX–101 SCH documents, the xsd:complexType Type, or xsd:simpleType name attribute in UTF–8 must be less than 200 bytes of UTF–8 text. The content for targetnamespace, roleURI or arcroleURI attribute in UTF–8 must not exceed 255 bytes in length. For EX–101 INS documents, the local name part of the content for xbrli:measure:element must be less than 200 bytes of text.

The filer manual is also being revised to address minor software changes made previously in EDGAR. Submission form types SC 14N, SC 14N–S and their amendments were made available for use on EDGARLink Online. Form 8–K Item 5.08 (Shareholder Director Nominations) was also made available for use on submission form types 8–K, 8–K12B, 8–K12G3, 8–K15D5 and their amendments.

Submission form types 13F–HR, 13F–HR/A, 13F–NT and 13F–NT/A were updated to accept March 31, June 30, September 30, or December 31 as valid dates for the Period field. A future date will still be not allowed for the Period field.

Along with the adoption of the Filer Manual, we are amending Rule 301 of Regulation S–T to provide for the incorporation by reference into the Code of Federal Regulations of today’s revisions. This Incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. §52(a) and 1 CFR Part 51.

You may obtain paper copies of the updated Filer Manual at the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street NE., Room 1543, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. We will post electronic format copies on the Commission’s Web site; the address for the Filer Manual is http://www.sec.gov/info/edgar.shtml.

Since the Filer Manual relates solely to agency procedures or practice, publication for notice and comment is not required under the Administrative Procedure Act (APA). It follows that the requirements of the Regulatory Flexibility Act do not apply.

The effective date for the updated Filer Manual and the rule amendments is November 29, 2011. In accordance with the APA, we find that there is good cause to establish an effective date less than 30 days after publication of these rules. The EDGAR system upgrade to Release 11.3 is scheduled to become available on November 21, 2011. The Commission believes that establishing an effective date less than 30 days after publication of these rules is necessary to coordinate the effectiveness of the updated Filer Manual with the system upgrade.

Statutory Basis

We are adopting the amendments to Regulation S–T under Sections 6, 7, 8, 10, and 19(a) of the Securities Act of 1933, Sections 3, 12, 13, 14, 15, 23, and 35A of the Securities Exchange Act of 1934, Section 319 of the Trust Indenture Act of 1939, and Sections 8, 30, 31, and 38 of the Investment Company Act of 1940.

Wage Methodology for the Temporary Non-Agricultural Employment H–2B Program; Delay of Effective Date

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Final rule; delay of effective date.

SUMMARY: The Department of Labor (Department) is delaying the effective date of the Wage Methodology for the Temporary Non-agricultural Employment H–2B Program; Final Rule, 76 FR 3452, Jan. 19, 2011, (the Wage Rule) to January 1, 2012. The Wage Rule revised the methodology by which we calculate the prevailing wages to be paid to H–2B workers and United States (U.S.) workers recruited in connection with a temporary labor certification for use in petitioning the Department of Homeland Security to employ a nonimmigrant worker in H–2B status. The Department originally set the effective date of the Wage Rule for January 1, 2012. However, due to a court ruling that invalidated the January 1, 2012 effective date of the Wage Rule,1 we issued a Notice of Proposed Rulemaking (NPRM) on June 28, 2011, which proposed that the Wage Rule take effect 60 days from the date of publication of a final rule resulting from the NPRM. 76 FR 37686, June 28, 2011. After a period of public comment, we published a Final Rule on August 1, 2011, which set the new effective date for the Wage Rule of September 30, 2011 (the Effective Date Rule).

Both the Wage Rule and the Effective Date Rule recently were challenged in two separate lawsuits2 seeking to bar their implementation. In consideration of the two pending challenges to the Wage Rule and its new effective date, and the possibility that the litigation will be transferred to another court,3 the Department issued a final rule, 76 FR 59896, September 28, 2011, postponing the effective date of the Wage Rule from September 30, 2011, until November 30, 2011, in accordance with the Administrative Procedure Act, 5 U.S.C. 705.

On November 18, 2011, President Obama signed into law the Consolidated and Further Continuing Appropriations Act, 2012, which provides that “[n]one of the funds made available by this or any other Act for fiscal year 2012 may be used to implement, administer, or enforce the Wage Rule.”

SUPPLEMENTARY INFORMATION: The Department of Labor (Department) published the Wage Methodology for the Temporary Non-agricultural Employment H–2B Program; Final Rule (the Wage Rule) on January 19, 2011, 76 FR 3452. After a period of public comment, we published a Final Rule on August 1, 2011, which set the new effective date for the Wage Rule of September 30, 2011 (the Effective Date Rule).

3. On September 19, 2011, the plaintiffs in the CATA litigation moved to intervene in the LFA litigation, and also moved to transfer venue over the litigation to the Eastern District of Pennsylvania, the court in which the CATA case remains pending.
