and strip from Korea on July 28, 2011.\(^1\) This review covers one company, Kolon Industries, Inc. (Kolon) for the period of review (POR) of June 1, 2010, through May 31, 2011. On November 18, 2011, the Department published in the Federal Register notice of revocation of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from Korea with regard to Kolon, effective June 1, 2010.\(^2\) Based on the revocation of the order with regard to Kolon, we are now rescinding this administrative review.

DATES: Effective Date: December 5, 2011.

FOR FURTHER INFORMATION CONTACT: Tyler Weinhold or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1131 or (202) 482–0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 18, 2011, the Department published in the Federal Register notice of revocation of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from Korea with regard to Kolon, effective June 1, 2010. See Final Results and Revocation in Part.

Rescission of Review
Pursuant to the revocation of the order with regard to Kolon effective June 1, 2010, we are rescinding this administrative review.

Assessment
Pursuant to the revocation of the order with regard to Kolon effective June 1, 2010, and in accordance with 19 CFR 351.222(f)(3), the Department will order the termination of suspension of liquidation of entries of polyethylene terephthalate film, sheet, and strip from Korea produced by Kolon, effective June 1, 2010, as indicated in Final Results and Revocation in Part. Entries of polyethylene terephthalate film, sheet, and strip from Korea produced by Kolon on or after June 1, 2010, will be liquidated without regard to antidumping duties.

Notifications
This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: November 29, 2011.
Gary Taverman,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Steel Nails From the People’s Republic of China: Final Rescission of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) is currently conducting a new shipper review (“NSR”) of the antidumping duty order on certain steel nails (“nails”) from the People’s Republic of China (“PRC”). On September 12, 2011, we published in the Federal Register our preliminary notice to rescind the NSR with respect to Shanghai Colour \(^3\) on the basis that its sale to the United States did not constitute a bona fide transaction.\(^2\) Because we received no comments or new information after the publication of our intent to rescind this NSR, we have made no changes to our preliminary decision. Therefore, we have determined that this NSR should be rescinded.

DATES: Effective Date: December 5, 2011.

FOR FURTHER INFORMATION CONTACT: Ricardo Martinez Rivera, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4532.

SUPPLEMENTARY INFORMATION:

Background
On August 31, 2011,\(^3\) the Department preliminarily rescinded this NSR because we determined that Shanghai Colour’s single sale to the United States was not a bona fide transaction. On September 19, 2011, the Department received a letter from Shanghai Colour stating that it no longer intended to continue participating in the NSR.\(^4\)

Scope of Order
The merchandise covered by the order includes certain steel nails having a shaft length up to 12 inches. Certain steel nails include, but are not limited to, nails made of round wire and nails that are cut. Certain steel nails may be of one piece construction or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and have a variety of finishes, heads, shanks, point types, shaft lengths and shaft diameters. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, whether by electroplating or hot dipping one or more times),

\(^{1}\) Shanghai Colour Nail Co., Ltd. (aka, Shanghai Colour Nail Import & Export Co., Ltd.), and Wuxi Colour Nail Co., Ltd. (collectively “Shanghai Colour”).

\(^{3}\) On August 31, 2011, the Department released the preliminary notice to interested parties. However, the Department was not able to publish this notice in the Federal Register until September 12, 2011, because of issues related to the Department’s transition into IA Access, an electronic record management system. See Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures, 76 FR 39283 (July 6, 2011).

\(^{4}\) See Letter to the Secretary of Commerce: Notice to Withdraw from Representation, from Shanghai Colour, dated September 19, 2011.
phosphate cement, and paint. Head styles include, but are not limited to, flat, projection, cupped, oval, brad, headless, double, countersunk, and sinker. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted shank styles. Screw-threaded nails subject to this proceeding are driven using direct force and not by turning the fastener using a tool that engages with the head. Point styles include, but are not limited to, diamond, blunt, needle, chisel and no point. Finished nails may be sold in bulk, or they may be collated into strips or coils using materials such as plastic, paper, or wire. Certain steel nails subject to this proceeding are currently classified under the Harmonized Tariff Schedule of the United States (“HTSUS”) subheadings 7317.00.55, 7317.00.65 and 7317.00.75.

Excluded from the scope are steel roofing nails of all lengths and diameter, whether collated or in bulk, and whether or not galvanized. Steel roofing nails are specifically enumerated and identified in ASTM Standard F 1667 (2005 revision) as Type I, Style 20 nails. Also excluded from the scope are the following steel nails: (1) Non-collated (i.e., hand-driven or bulk), two-piece steel nails having plastic or steel washers (caps) already assembled to the nail, having a bright or galvanized finish, a ring, fluted or spiral shank, an actual length of 0.500” to 8”, inclusive; and an actual shank diameter of 0.1015” to 0.166”, inclusive; and an actual washer or cap diameter of 0.900” to 1.10”, inclusive; (2) Non-collated (i.e., hand-driven or bulk), steel nails having a bright or galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500” to 4”, inclusive; an actual shank diameter of 0.1015” to 0.166”, inclusive; and an actual head diameter of 0.3375” to 0.500”, inclusive; (3) Wire collated steel nails, in coils, having a galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500” to 1.75”, inclusive; an actual shank diameter of 0.116” to 0.166”, inclusive; and an actual head diameter of 0.3375” to 0.500”, inclusive; and (4) Non-collated (i.e., hand-driven or bulk), steel nails having a convex head (commonly known as an umbrella head), a smooth or spiral shank, a galvanized finish, an actual length of 1.75” to 3”, inclusive; an actual shank diameter of 0.131” to 0.152”, inclusive; and an actual head diameter of 0.450” to 0.813”, inclusive.

Also excluded from the scope of this proceeding are corrugated nails. A corrugated nail is made of a small strip of corrugated steel with sharp points on one side. Also excluded from the scope of this proceeding are fasteners suitable for use in powder-activated hand tools, not threaded and threaded, which are currently classified under HTSUS 7317.00.20 and 7317.00.30. Also excluded from the scope of this proceeding are thumb tacks, which are currently classified under HTSUS 7317.00.10.00. Also excluded from the scope of this proceeding are certain brads and finish nails that are equal to or less than 0.0720 inches in shank diameter, round or rectangular in cross section, between 0.375 inches and 2.5 inches in length, and that are collated with adhesive or polyester film tape backed with a heat seal adhesive. Also excluded from the scope of this proceeding are fasteners having a case hardness greater than or equal to 50 HRC, a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.

Period of Review

The period of review (“POR”) is August 1, 2009, through August 5, 2010.

Final Recession of Review

As discussed in the memorandum regarding the bona fide sales analysis, the Department has determined that Shanghai Colour’s single sale to the United States does not constitute a bona fide sale.8 The Department also placed on the record and considered other relevant information indicating that Shanghai Colour may not be eligible for an NSR, and provided Shanghai Colour an opportunity to respond to that information.9 Shanghai Colour did not respond to or rebut this information. Therefore, for the reasons stated above, we are rescinding this NSR. As the Department is rescinding this NSR, we are not calculating a company-specific rate for Shanghai Colour; it will remain part of the PRC-wide entity.

Changes Since the Preliminary Results

We have made no changes to our preliminary decision to rescind the NSR of Shanghai Colour. While the Department normally issues a separate Issues and Decision Memorandum, which accompanies a final results/rescission notice published in the Federal Register, we have not done so here because we received no comments since publication of our preliminary intent to rescind.

Assessment of Antidumping Duties

Because the Department is rescinding this review, a cash deposit of 118.04 percent ad valorem,8 shall be collected for any entries produced or exported by Shanghai Colour. The Department intends to issue appropriate assessment instructions directly to CBP after 15 days from the publication of the final results of the second antidumping duty review of steel nails from the PRC.

Notification to Interested Parties

This notice serves as the final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and in the subsequent assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO.

This notice is published in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.214(f)(3).

Dated: November 21, 2011.

Paul Piquado,
Assistant Secretary for Import Administration.
