SUPPLEMENTARY INFORMATION:
Background

On August 10, 2011, the Department of Commerce (the Department) published in the Federal Register the initiation of the antidumping duty investigation of large power transformers from the Republic of Korea (Korea). See Large Power Transformers from the Republic of Korea: Initiation of Antidumping Duty Investigation, 76 FR 49439 (August 10, 2011). The current deadline for the preliminary determinations of this investigation is December 21, 2011.
Period of Investigation
The period of investigation is July 1, 2010, through June 30, 2011.

Postponement of Preliminary Determination
Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination no later than 140 days after the initiation of the investigation.

On November 23, 2011, petitioners ABB Inc., Delta Star, Inc., and Pennsylvania Transformer Technology Inc. (collectively, petitioners) made a timely request pursuant to 19 CFR 351.205(e) for a postponement of the preliminary determination because of the extraordinarily complicated nature of the proceeding and its required analysis, and because the Department is still gathering questionnaire responses from the respondents. See Letter from petitioners to the Department, entitled “Large Power Transformers from the Republic of Korea—Petitioners’ Request for Extension of Preliminary Determination,” dated November 23, 2011.

For the reasons stated above and because there are no compelling reasons to deny the request, the Department is postponing by 50 days to February 9, 2012, the deadline for its preliminary determination pursuant to section 733(c)(1)(A) of the Act and 19 CFR 351.205(e) and (f). In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this antidumping duty proceeding will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published in accordance with section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 30, 2011.

Paul Piquado,
Assistant Secretary for Import Administration.

SUMMARY: On August 1, 2011, the Department of Commerce (the Department) initiated a sunset review of the countervailing duty (CVD) order on certain lined paper products (CLPP) from India pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See Initiation of Five-Year (“Sunset”) Review, 76 FR 45778 (August 1, 2011) (Initiation Notice). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties and an inadequate response (in this case, no response) from respondent interested parties, the Department decided to conduct an expedited sunset review of this CVD order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C). As a result of this review, the Department finds that revocation of the CVD order would be likely to lead to continuation or recurrence of a countervailable subsidy at the level indicated in the “Final Results of Review” section of this notice.

DATES: Effective Date: December 6, 2011.

SUPPLEMENTARY INFORMATION:
Background
On August 1, 2011, the Department initiated a sunset review of the CVD order on LPP from India pursuant to section 751(c) of the Act. See Initiation Notice, 76 FR 45778 (August 1, 2011). The Department received a notice of intent to participate on behalf of the Association of American School Paper Suppliers (AASPS) and its individual members—MWV Consumer & Office Products (MWV), Norcom, Inc., and TopFlight, Inc. (collectively, petitioners), within the deadline specified in 19 CFR 351.218(d)(1)(j). The petitioners claimed interested party status under sections 771(9)(F) and 771(9)(C) of the Act, as an association of domestic producers of CLPP and domestic producers of CLPP, respectively.

The Department received a complete substantive response from the petitioners within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, the Department did not receive a substantive response from any respondent interested party to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited review of this order.

Scope of the Order
The scope of this order includes certain lined paper products, typically school supplies, composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets, including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8 3/4 inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or “tear-out” size), and are measured as they appear in the product (i.e., stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of this order whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

- Unlined copy machine paper;
- Writing pads with a backing (including but not limited to products commonly known as “tablets,” “note pads,” “legal pads,” and “quadrille"

1 For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.
