SUPPLEMENTARY INFORMATION:

A. Purpose

Under certain contracts, because of reliance on contractor inspection in lieu of Government inspection, GSA’s Federal Supply Service (FSS) requires documentation from its contractors to effectively monitor contractor performance and ensure that it will be able to take timely action should that performance be deficient.

B. Annual Reporting Burden

Respondents: 4,604.

Total Responses: 116,869.

Total Burden Hours: 7,830.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417, telephone (202) 501–4755. Please cite OMB Control No. 3090–0027, Contract Administration, Quality Assurance (GSAR Parts 542 and 546; GSA Form 1678, and GSA Form 308), in all correspondence.

Proposed Project: Let’s Move! Cities, Towns, and Counties—OMB No. 0990—NEW—Emergency Information Collection Clearance Request—Office of the Assistant Secretary for Planning and Evaluation (ASPE).

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting approval from the Office of Management and Budget (OMB) to conduct a survey of public sector organizations for the *Let’s Move!* Cities, Towns and Counties Initiative. *Let’s Move!* is a comprehensive initiative, launched by the First Lady, dedicated to solving the challenge of childhood obesity within a generation. Combining comprehensive strategies with common sense, *Let’s Move!* is about:

- Putting children on the path to a healthy future during their earliest months and years;
- Giving parents helpful information and fostering environments that support healthy choices;
- Providing healthier foods in our schools;
- Ensuring that every family has access to healthy, affordable food; and
- Helping kids become more physically active.

Let’s Move! Cities, Towns, and Counties emphasizes the unique ability of communities to solve the challenge locally, and the critical leadership mayors and elected officials can provide to bring communities together and spur action. The initiative is designed to encourage mayors and elected officials to adopt a long-term, sustainable and holistic approach to fighting childhood obesity.

This activity is requesting comment on the burden for a baseline survey for local or county officials who have chosen to participate in *Let’s Move!* Cities, Towns, and Counties. The survey requests information about the activities the locality is choosing to undertake. The responses to these questions will be used to show progress and successes over time for localities participating in *Let’s Move!* Cities, Towns, and Counties. Separate notices will be published for subsequent surveys.

Proposed Project: Patient Centered Care Collaboration to Improve Minority Health, OMB# 0990-New, Office of Minority Health.

Abstract: The Office of Minority Health (OMH) in the Office of the Assistant Secretary for Health (OASH), Office of the Secretary (OS) is requesting approval from the Office of Management and Budget (OMB) on new data

collection activities for the Patient Centered Care Collaboration to Improve Minority Health project (PCCC). This dissemination and adoption initiative funded in 2010, under the ARRA, 2009, through the Office of Minority Health and the Agency for Health Care Quality supports dissemination and adoption priorities as outlined in the HHS Report to Congress on Comparative Effectiveness Research. The PCCC evaluation will assess whether disseminating a diabetes education intervention in a community based health clinic and offering a medication management and adherence intervention through home visits to seniors, improves the health and well being of racial and ethnic minority program participants; if the approach taken through the implementation of proven PCOR findings such as using community health workers and educators, and pharmacists to deliver the interventions improves the likelihood of patients changing their behaviors to improve their health status; and to determine if participants learned new information and skills that would help them to manage their health conditions and improve their health status.
